PL

JAK UŻYWAĆ?

1

Przygotuj dwa wiadra: jedno z czystą wodą, a drugie z wodą i odpowiednią ilością szamponu samochodowego.

2

Zanurz rękawicę do mycia w wiadrze z szamponem i umyj mały fragment samochodu.

3

Opłucz rękawicę w wiadrze z czystą wodą, aby usunąć brud i zanieczyszczenia.

4

Ponownie zanurz rękawicę w wiadrze z szamponem i kontynuuj mycie kolejnych części samochodu.

5

Powtarzaj kroki 2-4, aż cały samochód zostanie umyty.

EN

HOW TO USE?

1

Prepare two buckets: one with clean water and the other with water and the appropriate amount of car shampoo.

2

Dip the washing mitt into the bucket with shampoo and wash a small section of the car.

3

Rinse the mitt in the bucket with clean water to remove dirt and debris.

4

Dip the mitt back into the shampoo bucket and continue washing other parts of the car.

5

Repeat steps 2-4 until the entire car is cleaned.

BENBOW AUTOWASCH HANDSCHUH

FR

COMMENT UTILISER ?

1

Préparez deux seaux : un avec de l'eau propre et l'autre avec de l'eau et la quantité appropriée de shampooing pour voiture.

2

Plongez le gant de lavage dans le seau avec du shampooing et lavez une petite section de la voiture.

3

Rincez le gant dans le seau avec de l'eau propre pour enlever la saleté et les débris.

4

Plongez à nouveau le gant dans le seau de shampooing et continuez à laver les autres parties de la voiture.

5

Répétez les étapes 2 à 4 jusqu'à ce que la voiture entière soit nettoyée.

BENBOW GUANTO PER LAVAGGIO AUTO

IT

COME SI USA?

1

Prepara due secchi: uno con acqua pulita e l'altro con acqua e la quantità adeguata di shampoo per auto.

2

Immergi il guanto di lavaggio nel secchio con lo shampoo e lava una piccola sezione dell'auto.

3

Risciacqua il guanto nel secchio con acqua pulita per rimuovere sporco e detriti.

4

Immergi di nuovo il guanto nel secchio con lo shampoo e continua a lavare le altre parti dell'auto.

5

Ripeti i passaggi 2-4 finché l'intera auto non è pulita.

NL

HOE TE GEBRUIKEN?

1

Bereid twee emmers voor: één met schoon water en één met water en de juiste hoeveelheid autoshampoo.

2

Dompel de washandschoen in de emmer met shampoo en was een klein gedeelte van de auto.

3

Spoel de washandschoen uit in de emmer met schoon water om vuil en resten te verwijderen.

4

Dompel de washandschoen opnieuw in de emmer met shampoo en ga verder met het wassen van andere delen van de auto.

5

Herhaal stappen 2-4 totdat de hele auto schoon is.
