Ceiling Light | 12 Watt | Surface mounted | moving sensor

Article number: 136-003

This ceiling light with microwave sensor has a range of 4 to 7 meters with a mounting height of 3 meters. Unlike a PIR sensor, the microwave sensor detects through glass or thin walls.

- Adjustable in:
- Switching time: 5 seconds or 60 seconds
 - Range: 50% or 100%
 - Lux: 5, 25, 50 or always

Specifications

Type	Ceiling light	Driver	Incl. internal driver	Height	95 mm
Input voltage	220-240V	Power factor	>0.90	Connection type	Terminal block
Power	12 Watt	Beam angle	120°	Housing material	Aluminium
Luminous flux	924 Lm	Adjustable	No	Housing color	White
Color temperature	3000K	IP rate	IP20	material cover	PC
Light color	Warm white	Mounting	Surface	Color cover	Opal
Dimming method	Not dimmable	Sensor	Yes	Certification mark	CE, RoHS
LED type	SMD 2835	Sensor type	Microwave	Warranty	2 years
Lifetime	L70B50 (30.000 hours)	Working temperature	-20° - +40°		
CRI value	>80	Diameter	Ø 280 mm
