Panel | Ø61cm | 40W | 4000K |
CRI>90 | UGR<19 | Triac Dim.

Article number: 174-211

LED panels with high Lm/W performance in 4000K or 3000K with white frame. Suspension kit with driverbox are included.

Specifications

Size	Ø61 cm	CRI value	>90	Connection type	Terminal block
Input voltage	220-240V	UGR value	UGR<19	Housing material	Aluminium
Power	40 Watt	Driver	Incl. external driver	Housing color	White (powder coating)
Luminous flux	4521 Lm	Power factor	>0.90	Material diffuser	PMMA (Polymethyl methacrylate)
Luminous efficiency	>100 Lm/W	Beam angle	90°	Lighting method	Edge-lit
Color temperature	4000K	IP rate	IP20	Certification mark	CE, RoHS
Light color	Natural white	Diameter	Ø 610 mm	Warranty	5 years
Dimming method	Triac	Height	15 mm. Height suspension cables		
Lifetime	L80B50 (44.000 hours)	Cable length	max. 130 cm		
			N/a
