

Lens Rehousing

KOWA Anamorphic

The Kowa Anamorphic Lenses had been made till the late 1970 ´s. They combine comparatively small size and weight with a look that set the tone of anamorphic vintage lenses. Desirable low contrast, warm color tone and enhanced flares and affordable, they became one of the most popular choices for anamorphic shooting.

Keep them up-to-date with a modern rehousing that stands today's rugged conditions on set.

Four primes are available:

- KOWA Anamorphic 40mm / T2.2**
- KOWA Anamorphic 50mm / T2.2**
- KOWA Anamorphic 75mm / T2.5**
- KOWA Anamorphic 100mm / T3.2**
