

Assembly/operating instructions for SSC-LUXon surface-mounted wall light ELEVA

1. Intended use

This product is for lighting purposes only and:

- can be installed indoors and outdoors / protection type IP54,
 - must not be exposed to strong mechanical loads or heavy soiling,
 - may not be operated after damp or dirty storage until after a condition check,
 - may not be changed or modified, otherwise the operating permit and conformity will expire with immediate effect!
- It is not allowed to remove the type plate.

▲ If the aforementioned points are not observed, a short circuit or electric shock may occur! **There is danger to life!**

2. General safety instructions

- ▲ The complete installation may only be carried out by an authorized electrician who is familiar with the applicable guidelines. Hereinafter referred to as „qualified electrician“.
- ▲ For safe handling of the product, the user must have read and understood the installation/operating instructions completely before using the device for the first time.
- ▲ The product may only be used if it is alright. If the device or parts of it are defective, it must be repaired by a qualified electrician.
- ▲ This product is not a toy and is not allowed to be stored or used within the reach of children.
- ▲ Safe operation of the product is only guaranteed if these instructions are followed. Therefore, keep these assembly/operating instructions. SSC-LUXon GmbH accepts no liability if the instructions given here are not followed or the lamp is subjected to improper use.

3. Montage & Konfiguration

▲ **Achtung:** Die Anschlussleitung ist spannungsfrei zu schalten bevor mit den Arbeiten begonnen wird (Hauptschalter/-Sicherung ausschalten)! Nur Teile verwenden, welche mit dem Produkt mitgeliefert oder klar als Zubehör bezeichnet sind! Andernfalls kann das Produkt nicht ausreichend sicher sein!

- ▲ Connection may only be carried out by a qualified electrician.
- ▲ When drilling, pay attention to cables and gas and water lines.
- ▲ Always route the cable so that it does not touch the light.

3.1 Assembly location

The product may only be mounted on a stable, tilt-resistant and level surface. Do not cover the product under any circumstances, especially not with insulating material! Fire hazard!

4. Operation, bulb replacement, faults & disorders

▲ Never look directly into the light source!

What to do in case of error?

In case of an error, the device must be switched off immediately. The product may only be operated if it works correctly. The device may only be put back into operation after it has been checked by a qualified electrician! **This is the case if:**

1. there is visible damage, 2. the product is not working correctly, 3. there is smoke, steam, or audible crackling noises, 4. overheating can be detected.

▲ **Caution:** There is a danger to life! Repairs to the product or work on parts carrying mains voltage may only be carried out by qualified electricians.

Avoidance of disturbances and fire hazards:

It is not allowed to cover the product under any circumstances. Air circulation must be ensured. Nothing may be attached or hung on the product, especially no decoration.

5. Cleaning & care instructions

The product may only be wiped dry or carefully with a slightly damp and lint-free cloth. The product is not allowed to be removed for this purpose. Do not use abrasive or sharp objects or aggressive cleaning agents. Do not use solvents.
