Thank you for purchasing **Pickleball Rivals Twin GMP**. We hope you enjoy the product.

This manual contains valuable information about how to operate and maintain your game machine properly and safely. It is intended for the owner and/or personnel in charge of product operation. Carefully read and understand the instructions.

If you need any help during installation and setup please utilize this manual and troubleshooting guide. If the product fails to function properly, *non-technical personnel should under no circumstance attempt to service the machine*. Contact your distributor or manufacturer for help.

Before use, please read **IMPORTANT SAFETY INSTRUCTIONS**.

IMPORTANT SAFETY INSTRUCTIONS

To ensure the safe usage of this product, carefully read and understand these instructions before operating your game.

Save these instructions for future reference.

Use this product only as described in this manual. Other uses not recommended may cause fire, electric shock or personal injury. Unplug the game from the outlet when not in use, when moving from one location to another, and before cleaning/servicing.

Explanations which require special attention are indicated by signs of warning. Depending on the potential hazardous degree, the terms: **NOTE**, **NOTICE**, and **WARNING** are used.

NOTE: A NOTE indicates useful hints or information about product usage.

NOTICE: A NOTICE indicates potential damage to product and how to avoid the problem.

WARNING: A WARNING indicates a potential for product damage or serious personal injury.

It is important to understand the meaning of the following HAZARD SIGNS before continuing:

High Voltage and Shock Hazard:

High voltage can cause electric shock.
Turn off/unplug power before servicing.

High Temperature Hazard:

This part may cause scalding.
Do not touch. Surface may be hot.

No Touching Hazard:

This part may be hot or can cause electric shock.
Do not touch.

Use the following safety guidelines to help ensure your own personal safety and to help protect your equipment and surrounding environment from potential damage.

⚠️ This product is an indoor game machine. Do not install outdoors.

Avoid installing in the following places to prevent fire, electric shock, injury and/or machine malfunctioning:

- Places subject to rain/moisture, or places subject to high humidity.
- Places subject to direct sunlight, or places subject to extremely hot or cold temperatures to ensure that it is used within the specified operating range.
- Places where inflammable gas may be present or in the vicinity of highly inflammable/volatile chemicals or items that can easily catch fire.
- On unstable or sloped surfaces. The machine may topple or cause unforeseen accidents.
- Vicinity of fire exits, fire extinguishers etc that may block/prevent safety measures.

IMPORTANT NOTE:

ALL REPAIRS MUST BE DONE TO ORIGINAL MANUFACTURER SPECIFICATIONS. FAILURE TO DO SO VOID ALL WARRANTIES AND OPERATOR ASSUMES ALL RISKS.

Note: The contents of this manual may be updated without notice.

3. PART NAME

Key Components

4. SET UP & INSTALLATION

⚠ NOTICE

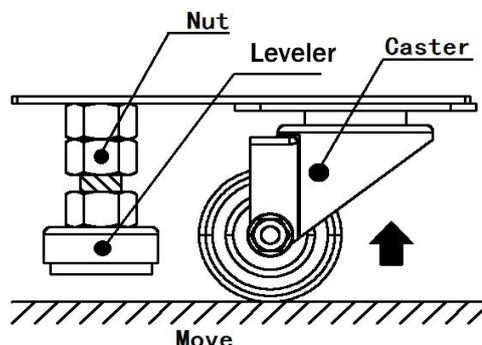

We do not recommend using power tools as they may cause damage.

⚠ **This product is an indoor game machine. Do not install outdoors.**

- Refer to IMPORTANT SAFETY INSTRUCTIONS (Pg. 3) for places to avoid.
- Place the unit on a dry level surface.
- Ventilation openings in the back of the unit must not be obstructed by objects or by wall.

4.1 Transporting the Game

If you need to move the game, adjust the levelers back to an “up” position.

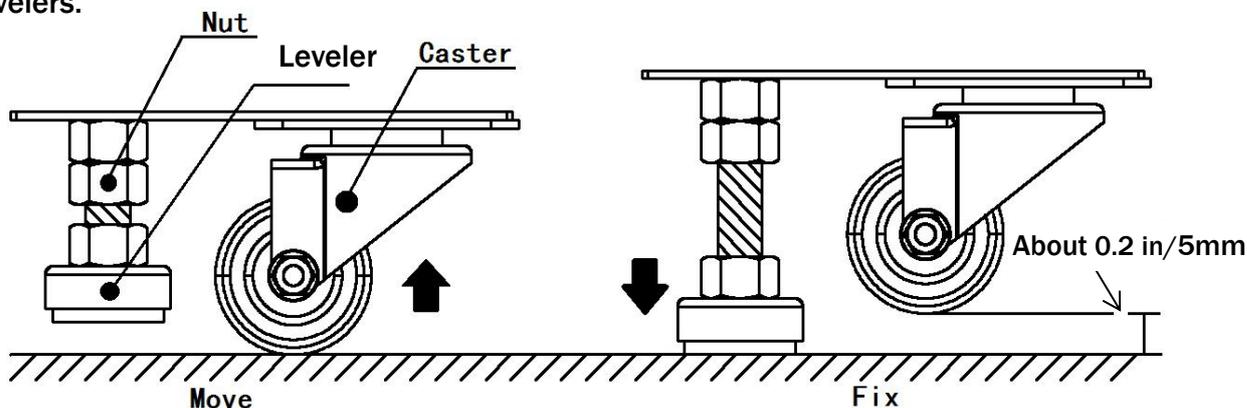

⚠ NOTICE

- Be careful not to damage the machine during transport.
- Always unplug the game before moving.
- Keep the machine in upright position during transport.
- For longer distance transport, package the game properly to prevent damages.

4.2 Level Adjustment

Install this game on a flat surface. If the game is installed on an unsuitable floor, it could cause game malfunction.

To secure the game, loosen the nut, utilize wrench to adjust the leveler down until it touches the floor, lifting the casters off the ground by 0.2 in/5mm. Repeat the same for all levelers.

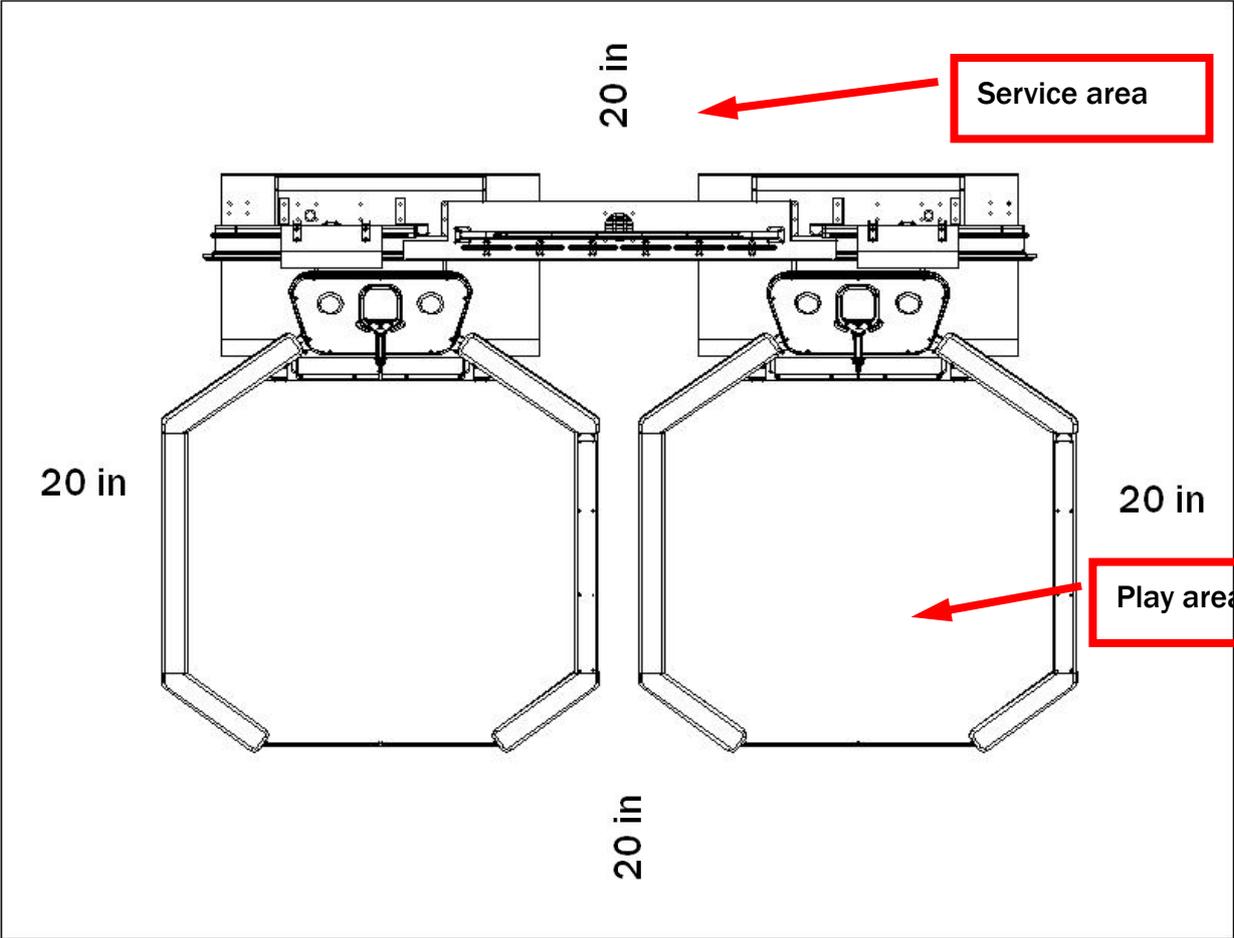

⚠ NOTICE

Make sure the machine is level.

4.3 Play Zone

This machine requires space for playing and for maintenance as shown below.
Leave space around the game upon installation:

Service area: 20 in

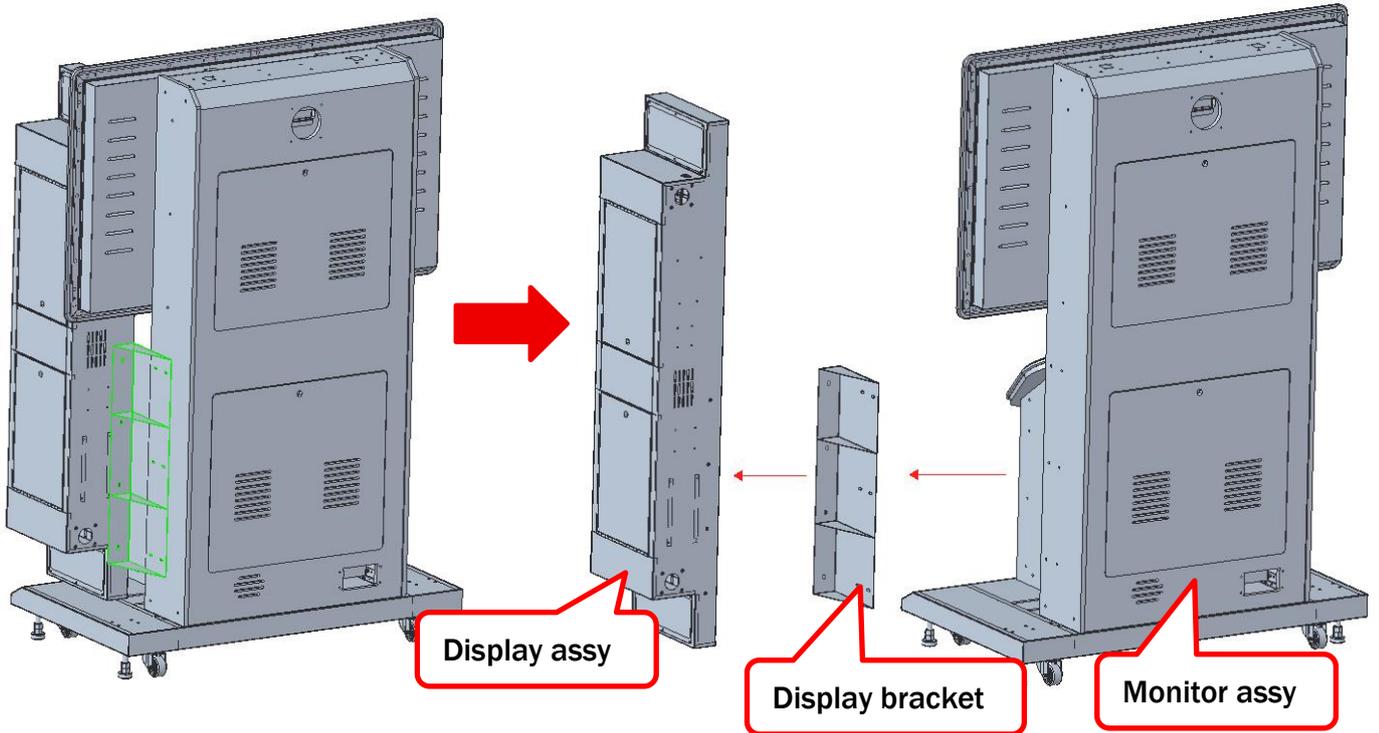

NOTICE

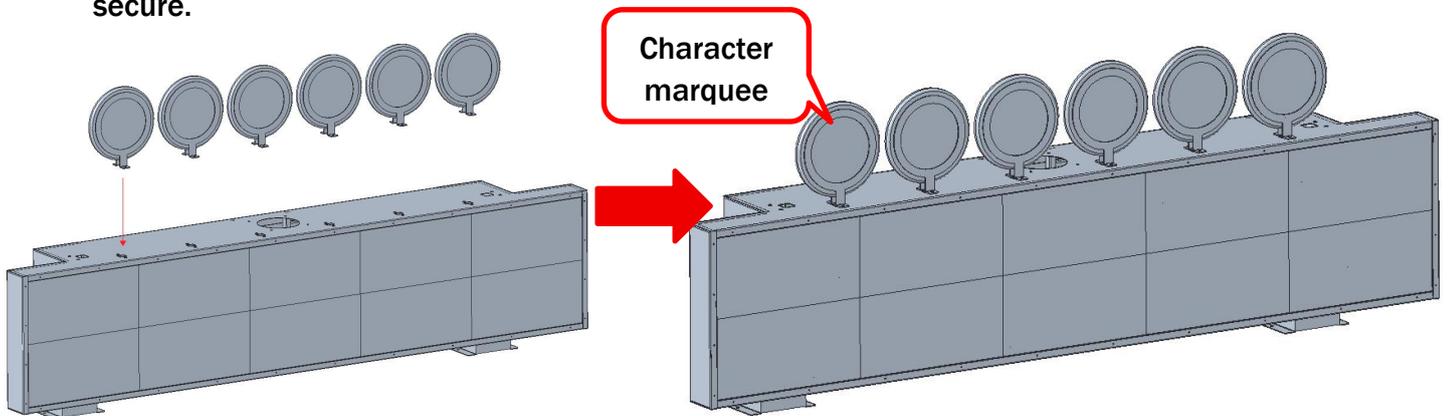

Your unit must be leveled to operate properly.

4.4 Machine Installation

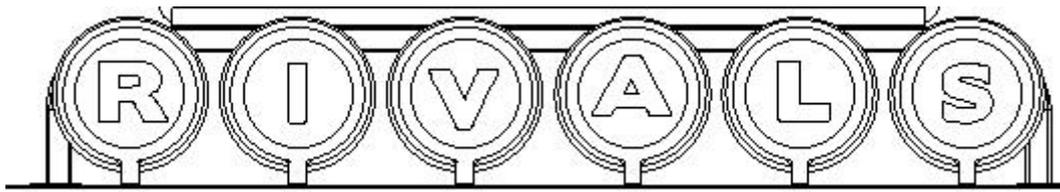

Step 1 Loosen screws to take Display assy and fix bracket out.

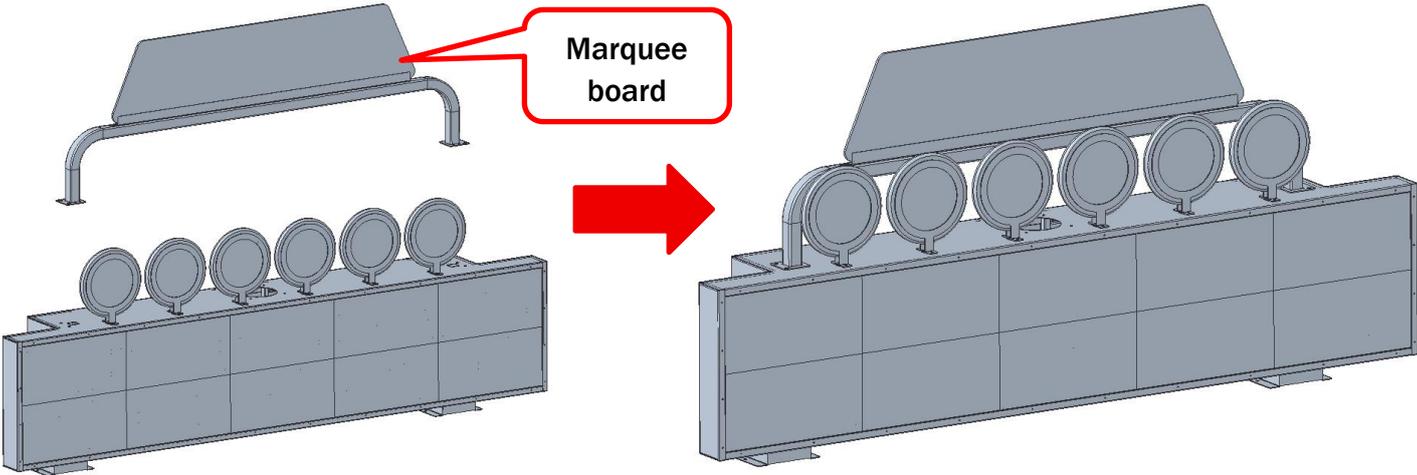

Step 2 Locate Display assembly. Install character marquee. Utilize M5*16 screws set to secure.

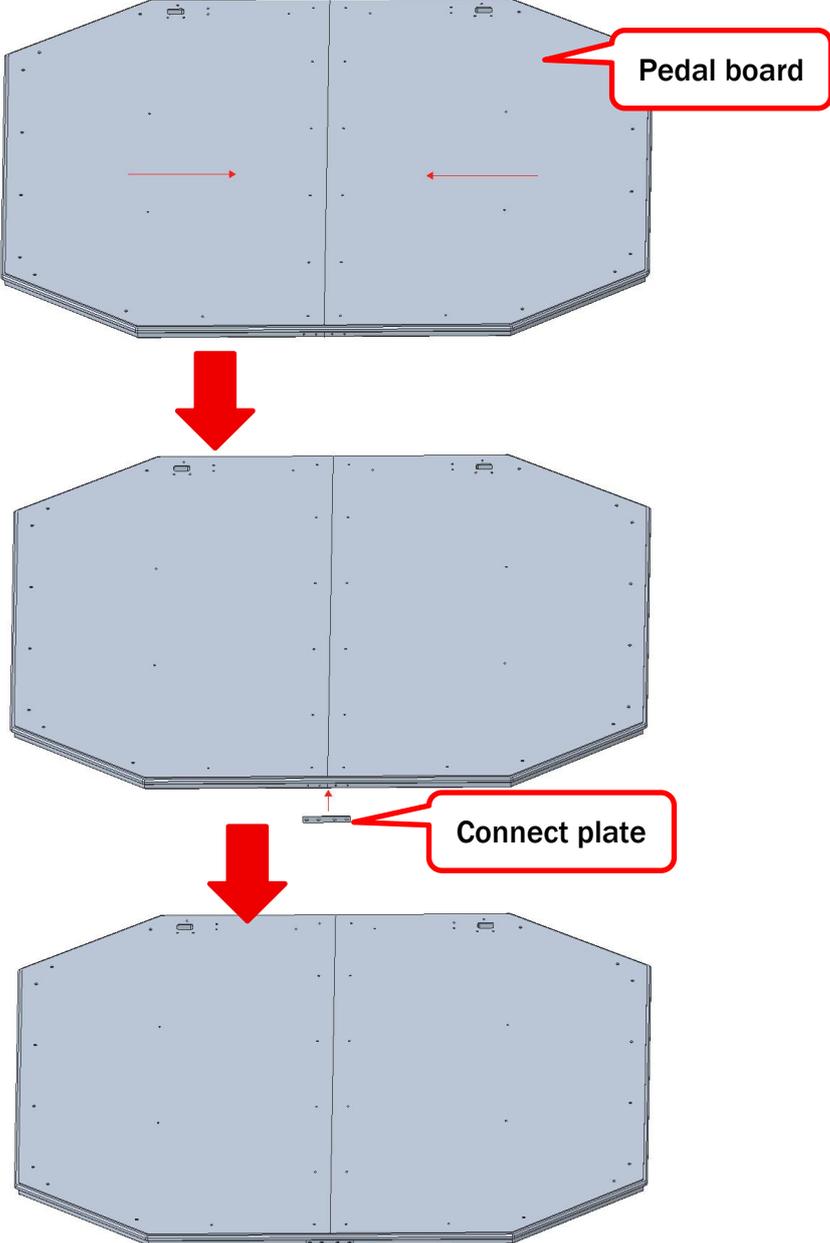

Character Order:

Step 3 Install Marquee board to the display assembly. Utilize M5*16 screws set to secure.

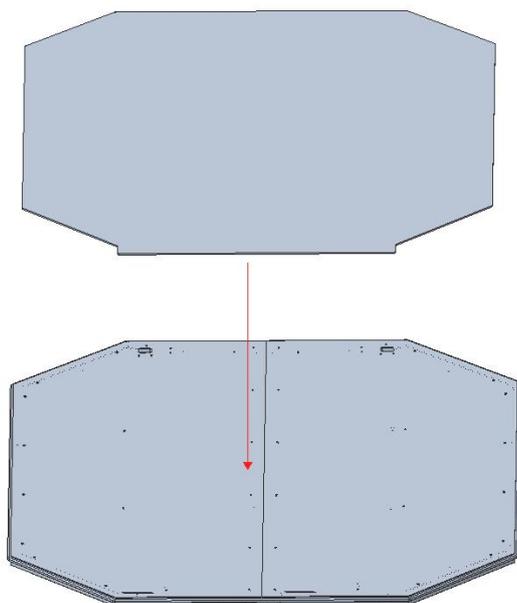

Step 4 Install L&R pedal board together. Utilize connect plate and M5*20 screws set to secure.

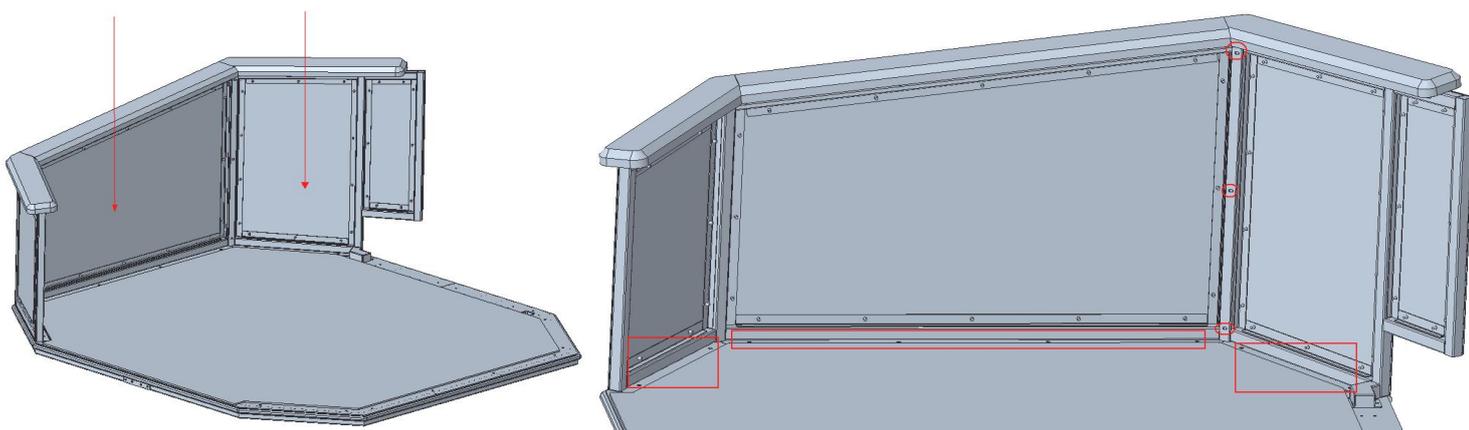

Step 5 Place mat to the step pedal. P1 is yellow mat; P2 is blue mat.

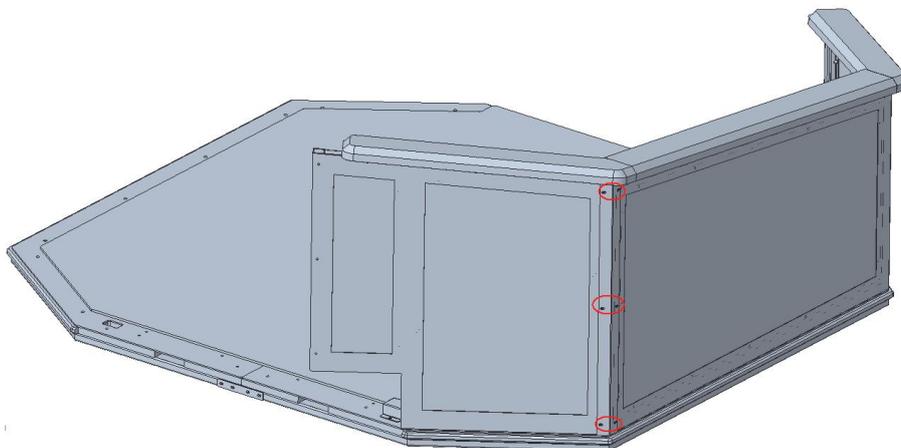

NOTE: The mat color matches the fence color;

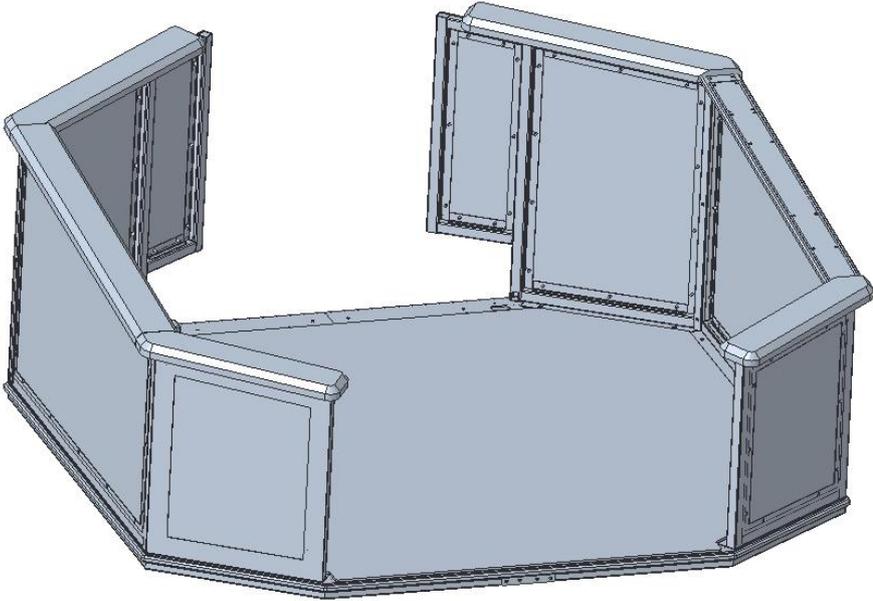

Step 6-1 Install L side fence 1&2. Utilize M6*35 bolt set to secure inner side.

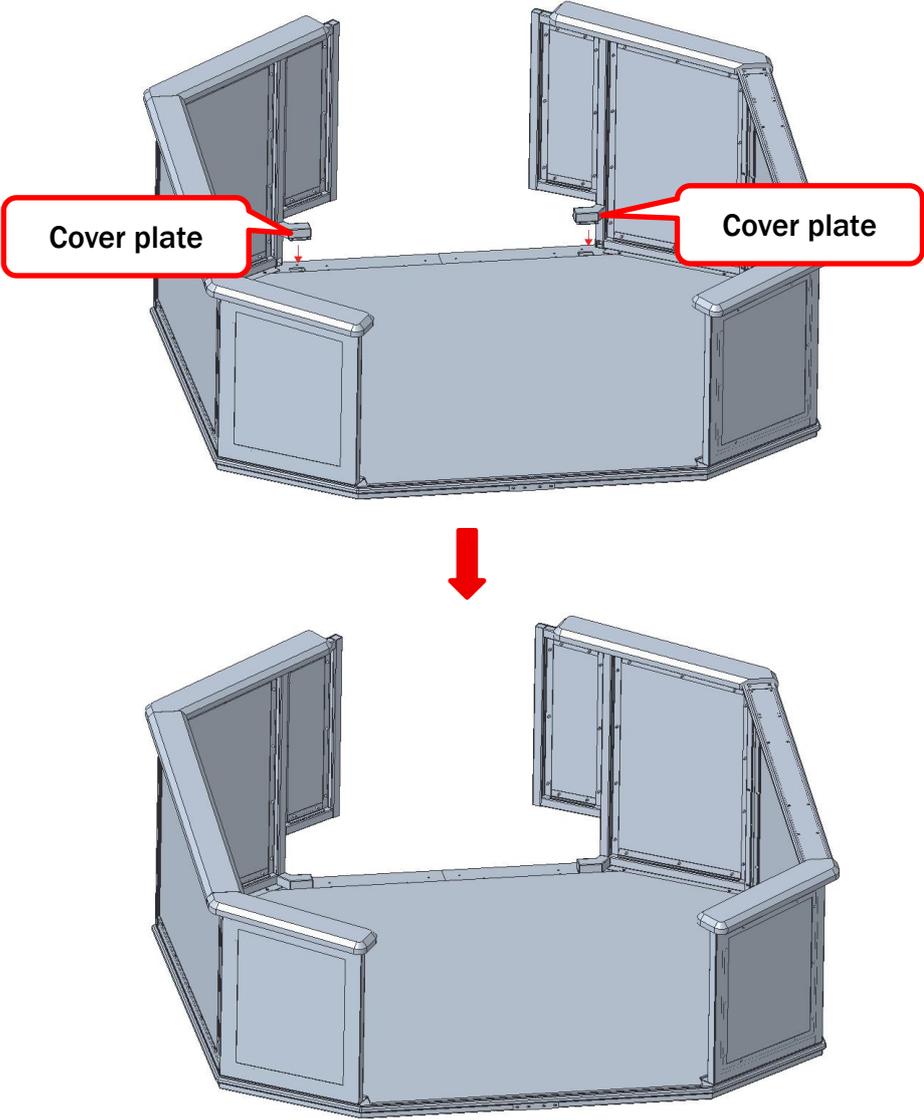

Step 6-2 Utilize M4*12 hexagon screws and fence connect plate to secure fence outer side.

Step 7 Install R side fence as step 6 instruction.

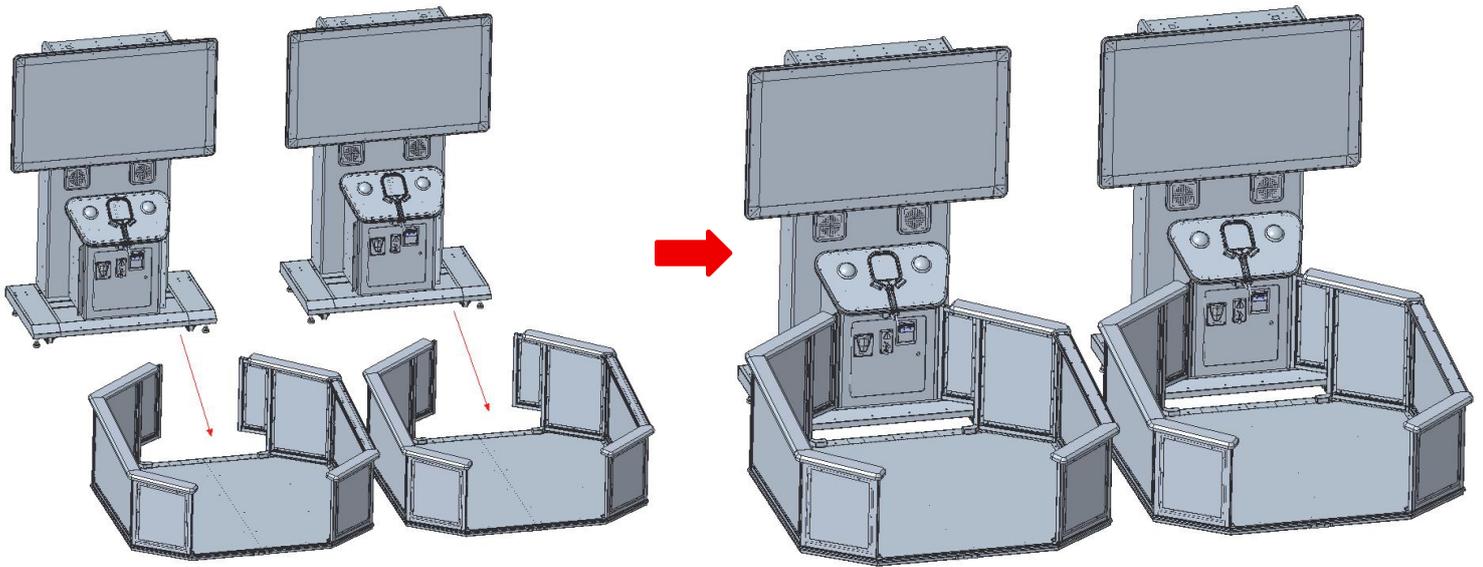

Step 8 Organize the wiring harness around the fence, ensuring it extends through the other end of the cover plate. Install the cover plate and secure it using M4*12 hex socket screws.

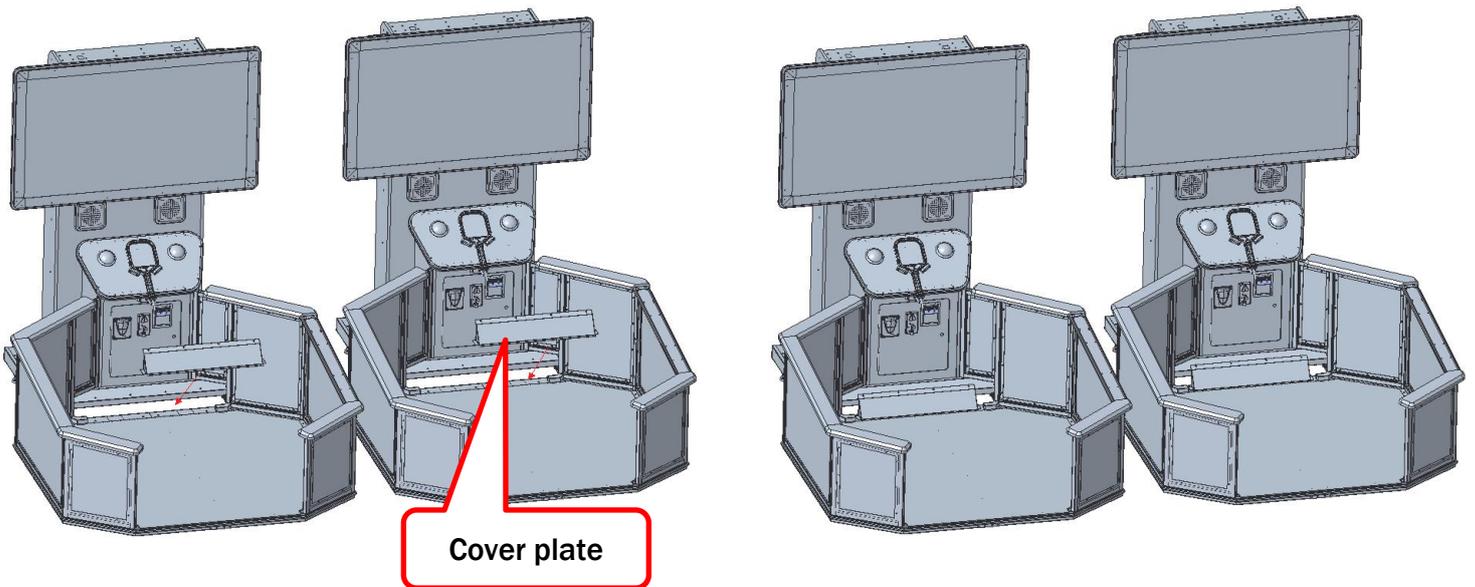

Step 9 Install Fence assembly with the monitor assembly. Connect the connectors.

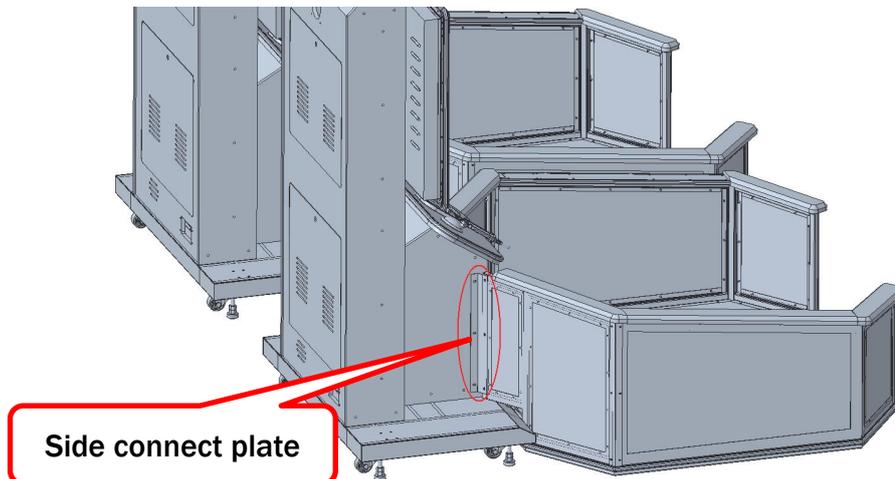

NOTE: Left is P1 yellow side; Right is P2 blue side.

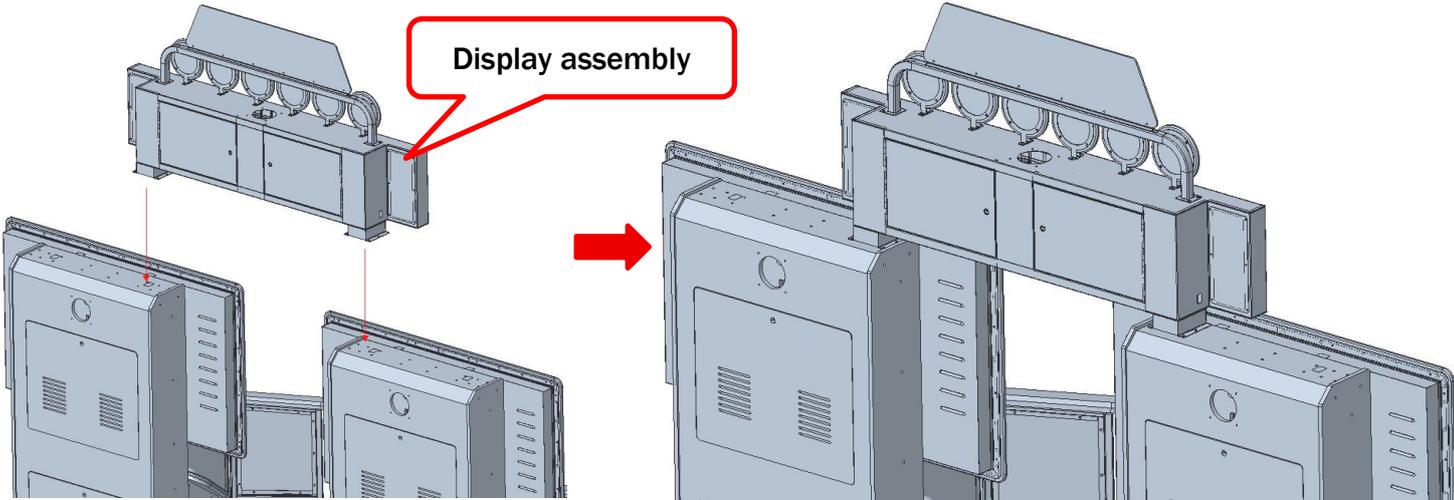

Step 10 Install cover plate. Utilize M4*16 hex screws to secure.

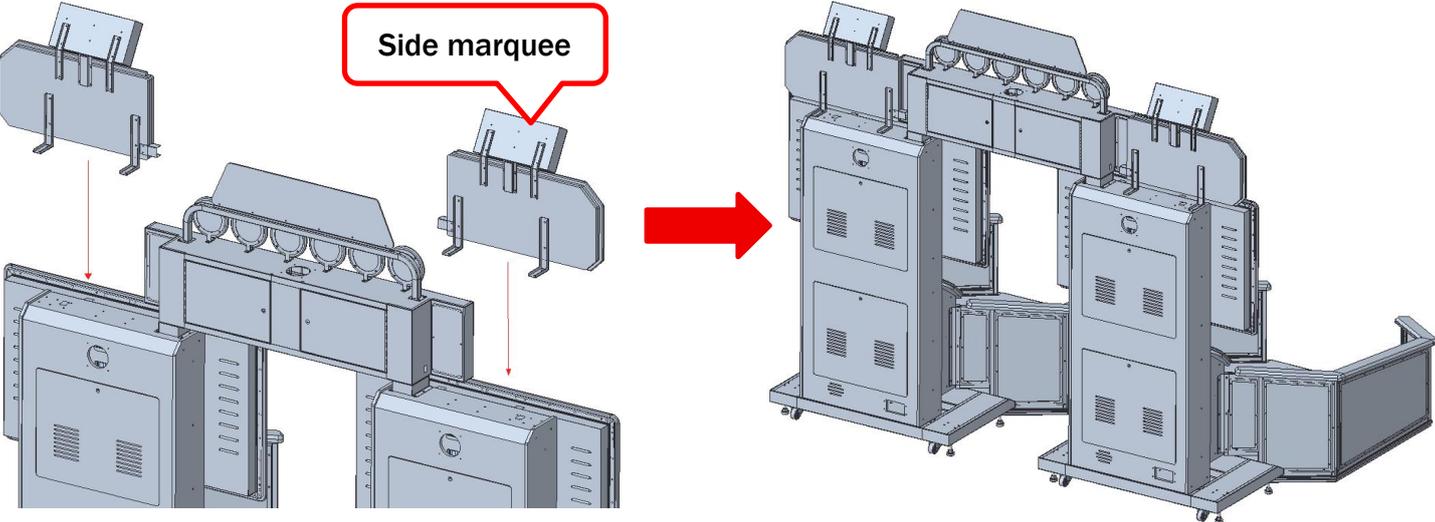

Step 11 Install side connect plate. Utilize M5*25 screws to secure.

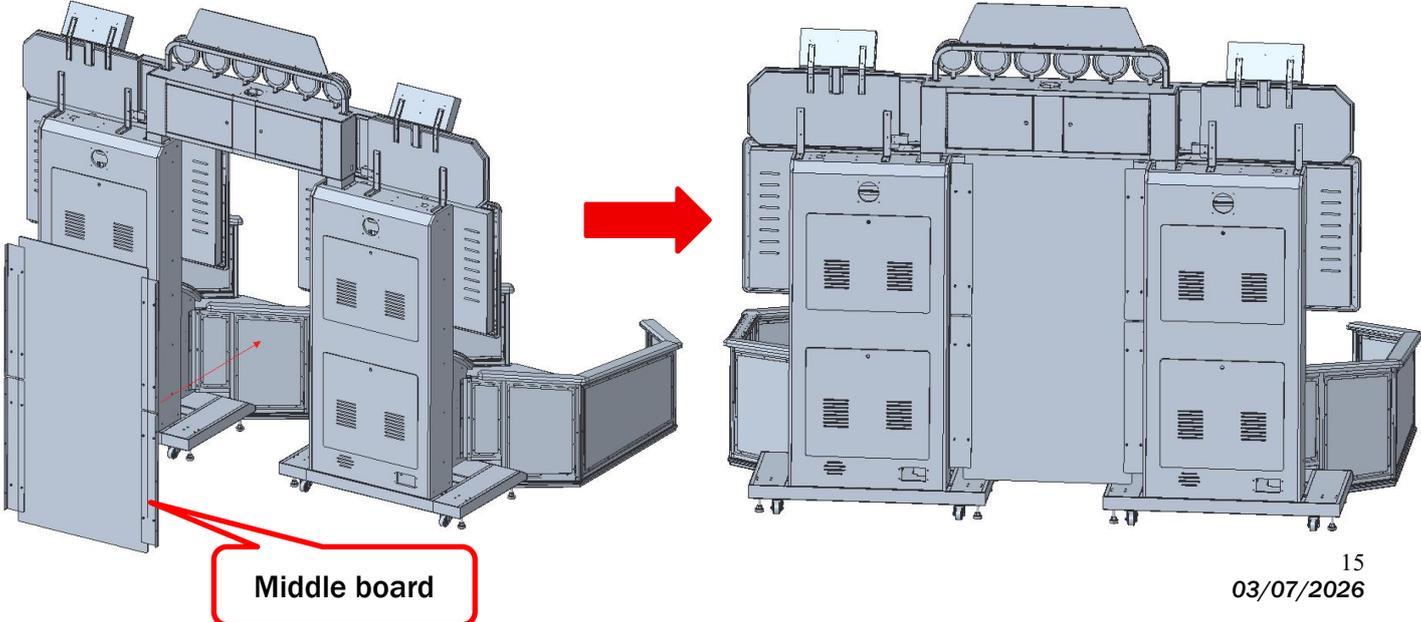

Step 12 Install Display assembly to the top of the cabinet. Utilize M6*35 bolt set to secure.

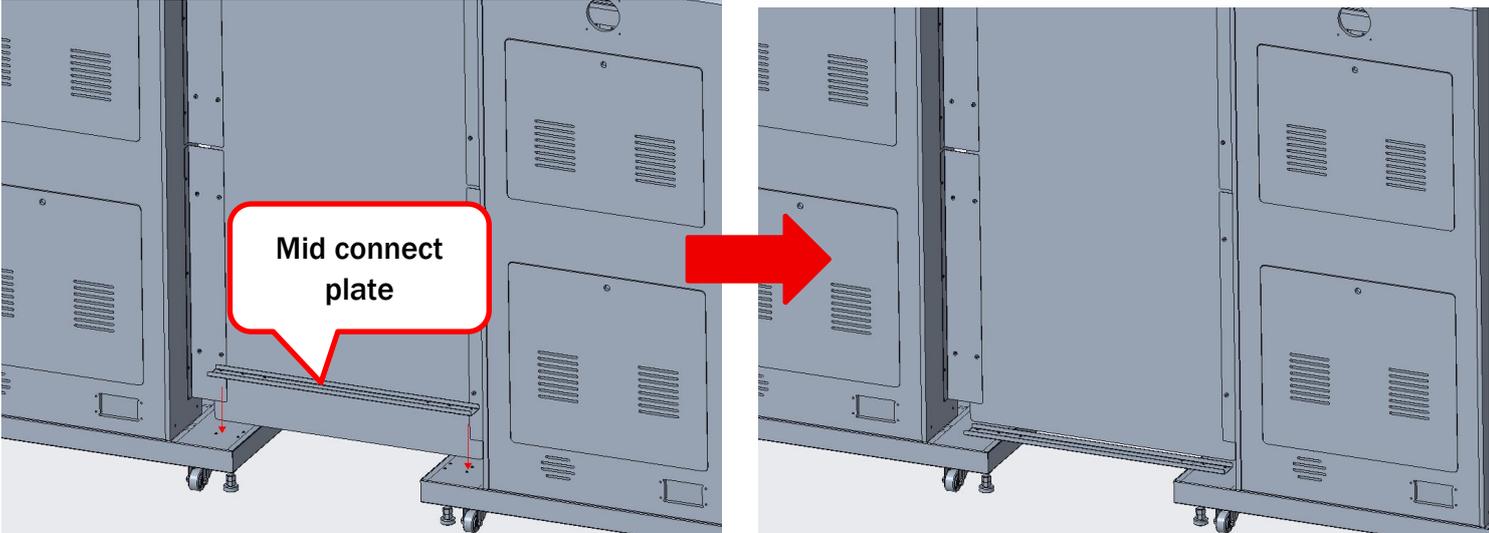

Step 13 Install side marquee. Utilize M6*35 bolt set to secure.

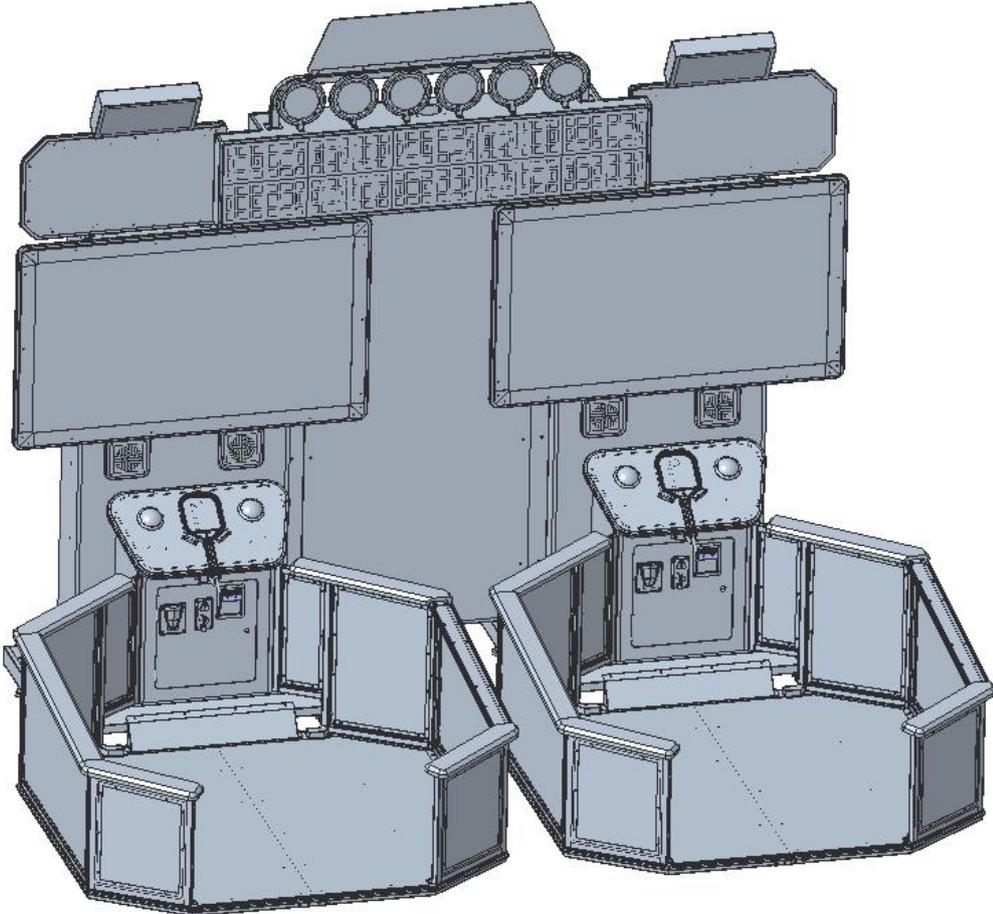

Step 14 Install middle board. Utilize M6*35 bolt set to secure.

Step 15 Utilize M5*25 screws and mid connect plate to secure Middle board bottom side.

Finish!

4.5 Card Reader Installation Safety Notice

 Take precaution to assure that all wiring voltages are confirmed prior to installation of card reader. All warranties are void if not properly installed resulting in logic board damage.

Important: This game is pre-wired to AAMA standards. It is highly recommended to utilize this wiring for Card reader installation.

5. HOW TO PLAY

5.1 Insert coins/tap/swipe card to play.

5.2 Each game is won by reaching 3 points first.

If the score is tied at 2-2, play continues until one side gains a 2-point lead to win.

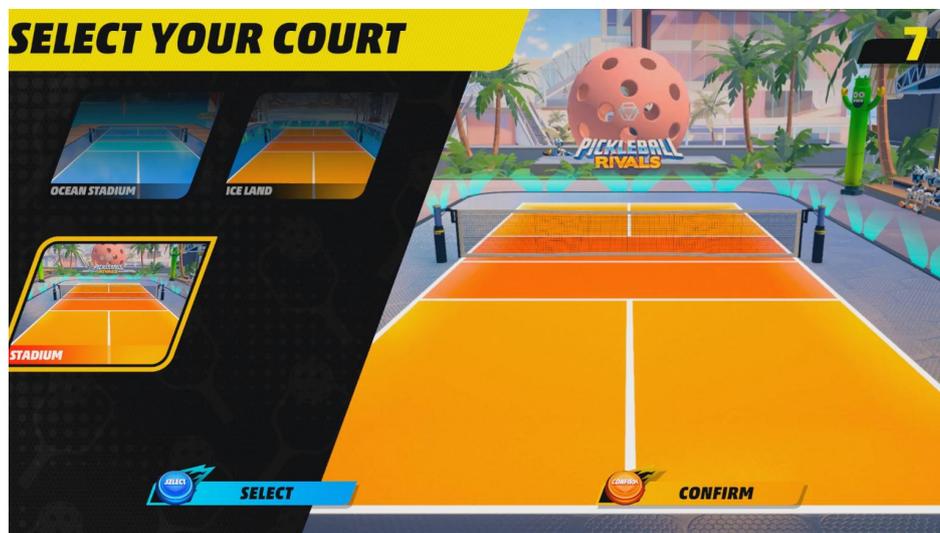

5.3 Select game mode(Solo Challenge/Twin battle/Twin battle).

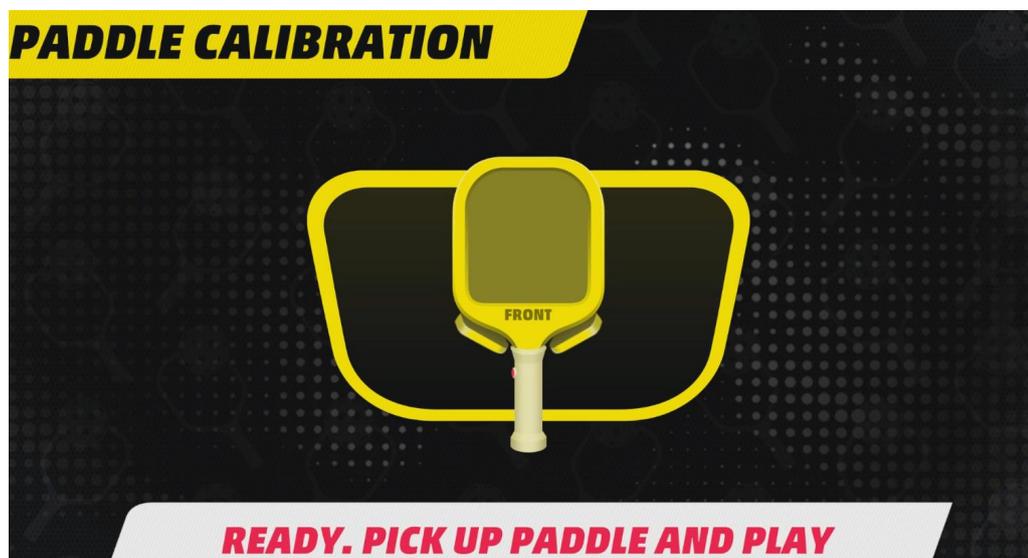

5.4 Select your character.

5.5 Select your court.

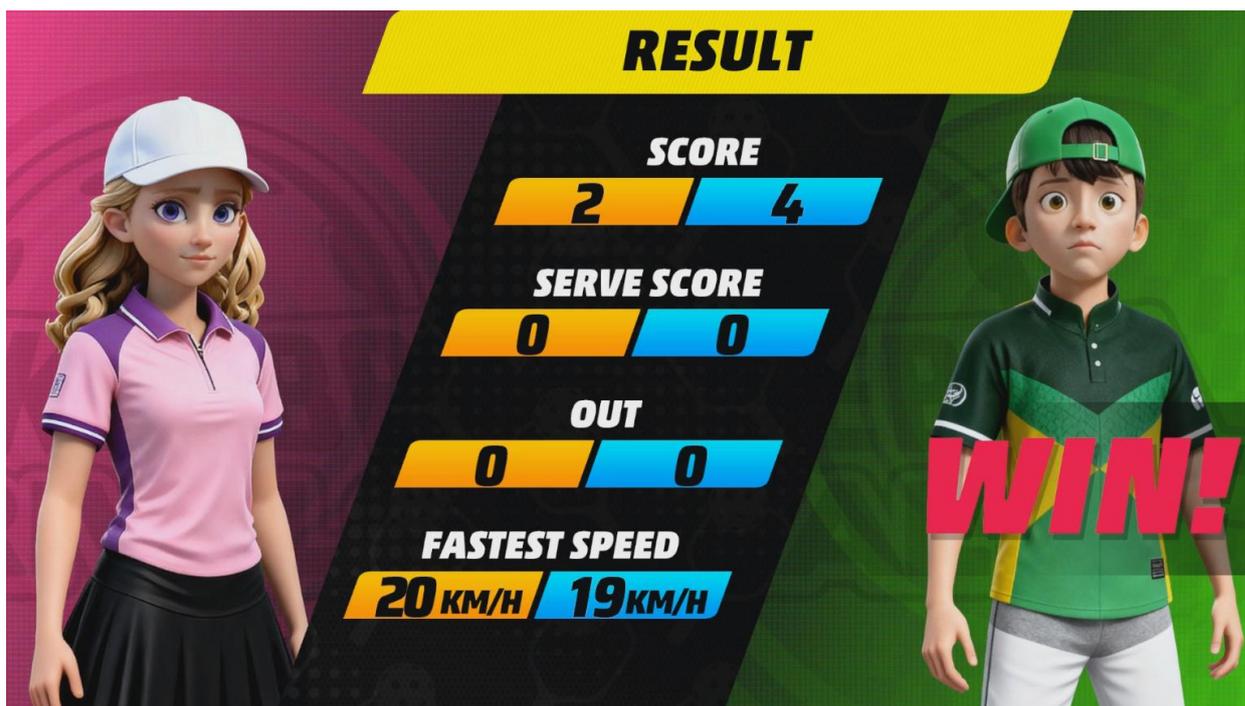

5.6 Pick up paddle and play.

5.7 Swipe your paddle and move your body to control character.

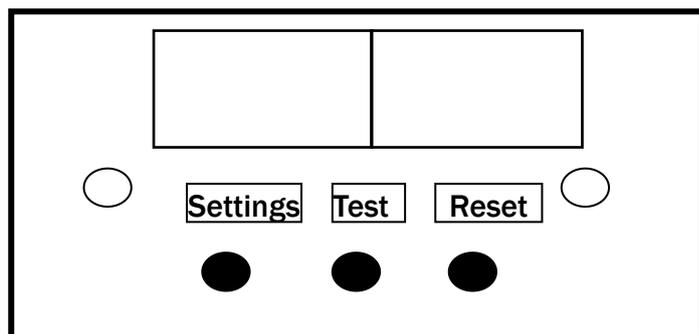

5.8 Game over and result display.

7. TROUBLESHOOTINGS

7.1 Common Problem

Please confirm that all connectors fit tightly.

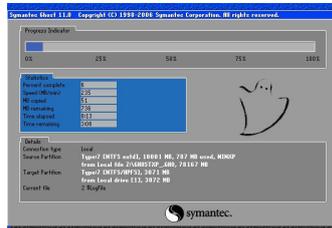

Symptom	Possible Cause	Recommended action
Game will not start	Frame assembly connector is loose.	Check connector.
	Frame assembly fault	Contact with UNIS Service.
Power off	Circuit protector make power SW in off state.	Turn on power SW again. If appeared again and again, machine has anomaly. Please contact with UNIS Service.
Card reader not working	The connector is loose.	Check connector.
	Card reader fault.	Check with card reader manufacturer.
No ticket dispensing	Out of ticket.	Add ticket and press reset button
	Ticket jamming.	Remove the jammed tickets and press reset button.
	The connector is loose.	Plug the connector tightly.
No sound	Low volume	Raise the volume.
	Connector loose.	Check connector.
	Speaker fault.	Check speaker.
	POT installation error.	Install POT correctly.
	POT fault.	Change POT.
	Audio cable problem.	Reconnect the audio cable or change it.

If you see following error signs showing on the display, please try the recommended action.

Display	Possible Cause	Recommended action
	The connection part of the IO board and PC are loose.	Check and reconnect the loose ports of the PC or IO board.
	Cable quality problem	Change the cable after checking the connection between IO board and PC.
	Cable became loose during transportation.	Check and reconnect the loose cables of the PC or IO board.
	IO board is faulty.	Reboot the game after checking U disk connection and cable problem, if the problem remains unresolved, please call the service department for assistance.
	Out of ticket.	Refill ticket
	Loose connection of the ticket dispenser's cables.	Check and reconnect the loose cables to the ticket dispenser.
	Ticket dispenser is faulty.	Change the ticket dispenser.
	Ticket jam.	Remove jammed tickets.
	Machine ID is wrong	Enter settings menu to reset machine ID.
	Loose connection of the gyro.	Check and reconnect the loose cables of gyro.
	Gyro is broken.	Check the connection, if the problem remains unresolved, please call the service department for assistance.

7.2 System Recovery Operation **(NOTE: Do not disconnect power during this process.)**

1. Turn off the game. Remove recovery stick from the machine. (Note: This process may take up to 60 minutes) Insert the recovery stick into the port at the back of the computer.
2. Restart PC to enter the system recovery screen as shown.

3. The game will automatically start recovery.
4. Once system recovery is partially finished (as shown below), and the ICON appears, remove the recovery stick from the computer. The game will continue the install process.

OK to remove the recovery stick.

5. Assure that the recovery stick has been properly secured for future use.

WARNING: The recovery stick should only be used to fix software errors. Using it for other purposes may cause unexpected results and damages.

8. MAINTENANCE & INSPECTION

8.1 Safety Check

Check the points listed before operating the machine. These checks are necessary for safe machine operation:

1. Test game before operation each day.
2. Conduct monthly routine checks of game components to ensure good working condition.
3. Check the machine regularly for dust and clean when necessary.

Note: Parts and components require preventative maintenance to maintain proper operation.

8.2 Handling Precautions

When installing or inspecting the machine, be very careful and pay attention to ensure that the player can enjoy the game safely.

Inappropriate handling running counter to the cautionary matters can cause personal injury or damage to the machine.

We do not recommend using power tools as they may cause damage.
