

A close-up photograph of a white, curved surface, likely a vehicle's body panel. A white, rounded rectangular label is affixed to the surface, containing weight specifications in German. Below the label, a black plastic wheel with a multi-spoke design is visible. The background is a light, textured surface, possibly concrete or asphalt. The lighting is bright, creating some shadows and highlights on the white surface.

Minimum Stützlast: 3 Kg
Maximum Stützlast: 8 Kg
