ABOUT US

NEXTORCH®
The Professional's Edge

NEXTORCH is one of the world's leading manufacturers of illumination tools and specialized equipment for military, law enforcement, first responder, tactical, and outdoor applications.

Our approach to product development begins with an in-depth understanding of our customers' needs and preferences. Based on that knowledge, we focus our state-of-the-art research and development resources to create the finest high-performance equipment possible. Through our relentless commitment to product innovation, we have earned more than 150 patents and numerous industry awards. We have also earned the loyalty of professional end users in more than 100 countries.

If you only trust the best, trust NEXTORCH.

A full-page background image showing a person standing in a snowy forest at night. The person is silhouetted against a very bright, circular beam of light that illuminates the snow-covered ground and the surrounding trees. The trees are covered in snow, and the overall scene is dark except for the intense light from the searchlight.

SEARCH LIGHTS

Designed to fulfill the demanding needs of search & rescue professionals, these high-powered search lights feature exceptional brightness, superior ergonomics, and enhanced durability making them ideal for any user that needs to illuminate large areas while maintaining portability.

TA SERIES TACTICAL FLASHLIGHTS

The NEXTORCH TA Series tactical flashlights represent the pinnacle of reliability, power, and innovation, making them indispensable tools for law enforcement, military professionals, and tactical enthusiasts. Built with cutting-edge technology and designed to excel in the most demanding environments, the TA Series offers unparalleled performance, durability, and versatility to meet the diverse needs of its users. At the heart of the TA Series is the patented One-Step-Strobe function, a feature designed for decisive tactical advantage. Using the 2-stage tailcap switch a half-press activates momentary high, and a full-press gives instant access to strobe, delivering a powerful disorienting light that can neutralize threats or signal for help. This rapid-response capability is invaluable in high-stress scenarios, ensuring users maintain control and adaptability when it matters most.

Variable Frequency One-Step-Strobe

Rapid activation from off or any constant-on mode

Metal Dual-Function Tactical Tail Switch

Half-press for momentary-on and Full-press for strobe

Rotating Magnetic Dial

Rotate counterclockwise to switch between modes Low - Medium - High - Strobe

Nano-Ceramic Strike Bezel

With a hardness second only to diamond, the nano-ceramic strike points are designed to efficiently break windows, making it an essential tool for rescue operations and self-defense.

Waterproof & Impact Resistant

IPX8 waterproof and 2-meter impact resistant

10,000 Lumen Ultra-Bright Tactical Searchlight

- * 10,000 lumen ultra high-output tactical searchlight
- * Multi-mode design with magnetically controlled rotary switch to toggle between three modes: Lock, Duty, and Tac
- * In Tac Mode, patented One-Step-Strobe tail switch utilizes a half-press for momentary Turbo and full-press for strobe
- * Proximity Sensor detects objects within 3ft and automatically reduces output to reduce reflection and overheating
- * Stainless steel bezel with nano-ceramic glass breakers for emergency egress and self-defense

Modes	10,000 lm / 6,000 lm / 1,500 lm / 320 lm / 20 lm
Runtime	— / 3 h 30min / 5 h / 15 h / 170 h
Beam Distance	380 m / 290 m / 145 m / 65 m / 15 m
Beam Intensity	36,100 cd / 21,025 cd / 5,256 cd / 1,056 cd / 42 cd
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	2 × 4800 mAh Li-ion battery pack

COMPATIBLE ACCESSORIES

TA20

1,000 Lumen Tri-Mode Tactical Flashlight

- * High-performance LED produces up to 1,000 lumens with a beam distance of 210 meters
- * Ultra-compact tactical flashlight designed for duty and everyday use
- * Tri-mode operation allows one-handed mode selection between lock, tactical, and duty settings
- * Offers seven modes: Lock, two tactical modes (momentary-on and tactical strobe), and four duty modes (three brightness levels and strobe)
- * Stainless steel bezel with nano-ceramic glass breakers for emergency egress and self-defense

Modes	1,000 lm / 190 lm / 24 lm / Momentary On / Strobe
Runtime	1 h 15 min / 2 h 30 min / 24 h / — / —
Beam Distance	210 m / 85 m / 30 m / — / —
Beam Intensity	11,028 cd / 1,808 cd / 228 cd / — / —
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 × 16340 rechargeable battery or 1 × CR123A
Dimensions	100 mm × 30 mm × 23 mm / 3.94 × 1.18 × 0.91 in
Weight	89 g / 3.14 oz (without battery)

TA21

1,300 Lumen Dual Light Source EDC Tactical Flashlight

- * High-performance LEDs produce up to 1,300 lumens with a beam distance of 160 meters
- * Ultra-compact tactical flashlight designed for duty and everyday use
- * Multi-mode operation allows one-handed mode selection between Tactical, Duty, Lock, and Red Light settings
- * Offers 9 modes: Lock, two tactical modes (momentary-on and tactical strobe), 3 modes for duty (three brightness levels) and three red light brightness levels
- * Stainless steel bezel with nano-ceramic glass breakers for emergency egress and self-defense

Modes	1,300 lm / 230 lm / 30 lm / Momentary On / Strobe / Red
Runtime	1 h / 2 h 15min / 20 h / — / —
Beam Distance	160 m / 68 m / 24 m / — / —
Beam Intensity	6,400 cd / 1,156 cd / 144 cd / — / —
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 × 16340 rechargeable battery or 1 × CR123A
Dimensions	98 mm × 32 mm × 23 mm
Weight	97 g / 3.42 oz (without battery)

COMPATIBLE ACCESSORIES

TA22

Rechargeable Tactical Penlight

- * Pen design combines compact portability with the advanced features of our tactical series
- * Tac mode enables the use of One-Step-Strobe
- * Rotating dial allows smooth mode selection between Tactical, Duty, and Lock settings
- * Lock mode prevents accidental activation and overheating in your pocket
- * Powered by a single 10880 rechargeable battery or 2 x AAA batteries
- * Stainless steel bezel with nano-ceramic glass breakers for emergency egress and self-defense

Modes	850 lm / 150 lm / 15 lm / Momentary On / Strobe
Runtime	1 h / 2 h / 15 h / - / -
Beam Distance	95 m / 2 m / 15 m / - / -
Beam Intensity	2,256 cd / 400 cd / 40 cd / - / -
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 x 10880 or 2 x AAA batteries
Dimensions	149 mm x 16 mm x 14.4 mm / 5.87 x 0.63 x 0.567 in
Weight	41 g / 1.45 oz (without battery)

TA15 V2.0

700 Lumen High-Output Multi-Battery Tactical Flashlight

- * High-performance LED produces a maximum 700 lumen output for a beam distance of 195 meters
- * Vari-Source design is compatible with AA, CR123A, 14500 rechargeable, and 16340 rechargeable batteries
- * Rotating dial allows smooth mode selection between 3 brightness levels and constant strobe
- * Patented One-Step-Strobe button provides momentary high with a half-press and momentary strobe with a full press

Modes	700 lm / 205 lm / 35 lm / Momentary On / Strobe
Runtime	30 min / 1 h 30 min / 2 h 15 min / - / -
Beam Distance	195 m / 100 m / 35 m / - / -
Beam Intensity	9,506 cd / 2,500 cd / 306 cd / - / -
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 x 14500 / 16340 / CR123A / AA battery

P SERIES PATROL FLASHLIGHTS

The NEXTORCH P Series flashlights are designed to seamlessly blend everyday carry convenience with tactical functionality. Featuring side switches for intuitive operation, these lights are built to withstand rigorous use, making them suitable for both daily tasks and demanding tactical scenarios. Trusted by law enforcement professionals and outdoor enthusiasts alike, the P Series offers reliable performance and versatility across in any situation.

Designated Strobe Button
Rapid Activation for a Tactical Advantage

High Performance LED Technology
Unmatched Brightness and Extended Range

2 Independent Side Switches
Front button activates strobe and the back button selects between the constant modes.

Nano-Ceramic Strike Bezel
With a hardness second only to diamond, the nano-ceramic strike points are designed to efficiently break windows, making it an essential tool for rescue operations and self-defense.

USB-C Direct Charging
Hidden waterproof and dustproof USB-C charging port.

Water Resistance	IPX7 (1 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 × 18650 rechargeable battery
Dimensions	156 mm × 35 mm × 28.5 mm
Weight	183 g / 6.45 oz (without battery)

P8

1,600 Lumen High-Output Rechargeable Flashlight

- * High-performance LED creates a maximum 1,600 lumen output for a beam distance of 252 meters
- * Provides four white light modes: Three brightness levels and strobe
- * Two independent side switches: A Strobe switch towards the front for rapid use and a second duty switch for general mode selection
- * Stainless steel bezel with nano-ceramic glass breakers for emergency egress and self-defense
- * Powered by 1 × 18650 rechargeable battery with USB-C direct charging port
- * LED battery level indicator

Modes	1,600 lm / 350 lm / 20 lm / Momentary On / Strobe
Runtime	2 h / 4 h 30 min / 80 h / - / -
Beam Distance	252 m / 115 m / 25 m / - / -
Beam Intensity	14,400 cd / 3,306 cd / 225 cd / - / -
Water Resistance	IPX7 (1 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 × 18650 rechargeable battery
Dimensions	140 mm × 28 mm × 24 mm / 5.51 × 1.10 × 0.94 in
Weight	140 g / 4.93 oz (with battery)

P10

1,400 Lumen with Signal Mode Right-Angle Flashlight

- * Maximum 1,400 lumen white light output with a beam distance of 200 meters
- * Compact, right-angle design with pocket clip for hands-free, on-body wear
- * Provides four white light modes: Three brightness levels and strobe
- * Provides three red/blue LED modes: Red & Blue Flash, Red Beacon, and Blue Beacon

Modes	Primary: 1,400 lm / 200 lm / 25 lm / Momentary On / Strobe Auxiliary: Red & Blue Flash / Red Beacon / Blue Beacon
Runtime	3 h 30 min / 6 h / 55 h / - / - / 80 h / - / -
Beam Distance	200 m / 70 m / 26 m / - / - / - / - / -
Beam Intensity	10,000 cd / 1,220 cd / 169 cd / - / - / - / - / -
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 × 18650 rechargeable battery
Dimensions	117.2 mm × 24 mm × 32.1 mm / 4.61 × 0.94 × 1.26 in
Weight	91 g / 3.21 oz (without battery)

P5UV

White and Ultraviolet Ray Dual-Light Flashlight

- * High-performance LED creates a maximum 800 lumen white light and 1,000mW Ultraviolet
- * Patented 360° rotatable switch, providing smooth transition between different colors
- * Tail cap button for easy momentary activation or mode switching
- * Long-range smooth reflector, perfect beam profile
- * Powered by 1 × 18650 rechargeable battery or 2 × CR123A batteries

Modes	800 lm - 1,000 mW / 45 lm - 105 mW / Momentary On / Strobe / S.O.S
Runtime	2 h / 4 h 30 min / 60 h / - / -
Beam Distance	246 m
Water Resistance	IPX4
Impact Resistance	1 m / 3.28 ft
Battery	1 × 18650 Li-Ion battery
Dimensions	168 mm × 26 mm × 40 mm / 6.61 × 1.02 × 1.57 in
Weight	185 g / 6.53 oz (without battery)

Weight	17 g / 0.60 oz

Keychain Carabiner

Independent Function Switches

White / UV / Red / Blue Lights

K33 UV

Ultraviolet Penlight

- * 365 nm deep UV light for optimal detection
- * Wood's Glass effectively filters stray light and produces a fine UV light
- * UV light source up to 1,300 mW (Li-ion battery version)
- * Tail switch for momentary on and mode switching
- * Comes with 1 × 10880 rechargeable battery and is compatible with 2 × AAA batteries

Battery	One 10880 battery	Two AAA batteries
Modes	1,300 mW / 110 mW	700 mW / 110 mW
Runtime	1 h 30 min / 8 h 15 min	2 h / 7 h 45 min
Water Resistance	IPX7 (1 m)	
Impact Resistance	1 m / 3.28 ft	
Battery	1 × 10880 battery / 2 × AAA batteries	
Dimensions	142 mm × 16 mm × 13.2 mm / 5.59 × 0.63 × 0.52 in	
Weight	31 g / 1.09 oz (without batteries)	

K30

High Performance LED Penlight

- * Max 850 lumen output (with Li-ion battery)
- * Pen sized for convenient carry and quick access
- * 4 modes available (low, medium, high, and strobe)
- * Power with with 1 Li-ion battery (included) or 2 regular AAA batteries
- * Stainless steel clip

Battery	One 10880 battery	Two AAA batteries
Modes	20 lm / 160 lm / 850 lm	20 lm / 110 lm / 400 lm
Runtime	12 h / 2 h 15 min / 1 h	12 h / 2 h 30 min / 1 h
Beam Distance	15 m / 40 m / 95 m	15 m / 33 m / 65 m
Water Resistance	IPX7 (1 m)	
Impact Resistance	1 m / 3.28 ft	
Battery	1 × 10880 battery / 2 × AAA batteries	
Dimensions	142 mm × 16 mm × 13.2 mm / 5.59 × 0.63 × 0.52 in	
Weight	35 g / 1.23 oz (without battery)	

Dr.K32

Dual Light Source Professional Medical Flashlight

- * Yellow and White light in one device
- * RA>95, high color rendering index for true tissue color rendition

Battery	One 10880 battery	Two AAA batteries
Color Temperature (CCT)	3,000K (Yellow) / 5,700K (White)	3,000K (Yellow) / 5,700K (White)
Modes	1 lm / 10 lm / 80 lm	1 lm / 10 lm / 70 lm
Runtime	80 h / 13 h / 1 h 45 min	80 h / 13 h / 1 h 30 min
Beam Distance	3 m / 15 m / 45 m	3 m / 15 m / 40 m
Light Source	Dual Light (Yellow & White)	
Color Rendering Index (RA)	≥ 95	
Photobiological Safety	RG0 (Yellow)	
Water Resistance	IPX7 (1 m)	
Impact Resistance	1 m / 3.28 ft	
Battery	1 × 10880 battery / 2 × AAA batteries	
Dimensions	149 mm × 16 mm × 13.2 mm / 5.90 × 0.56 × 0.52 in	
Weight	39 g / 1.37 oz (without battery)	

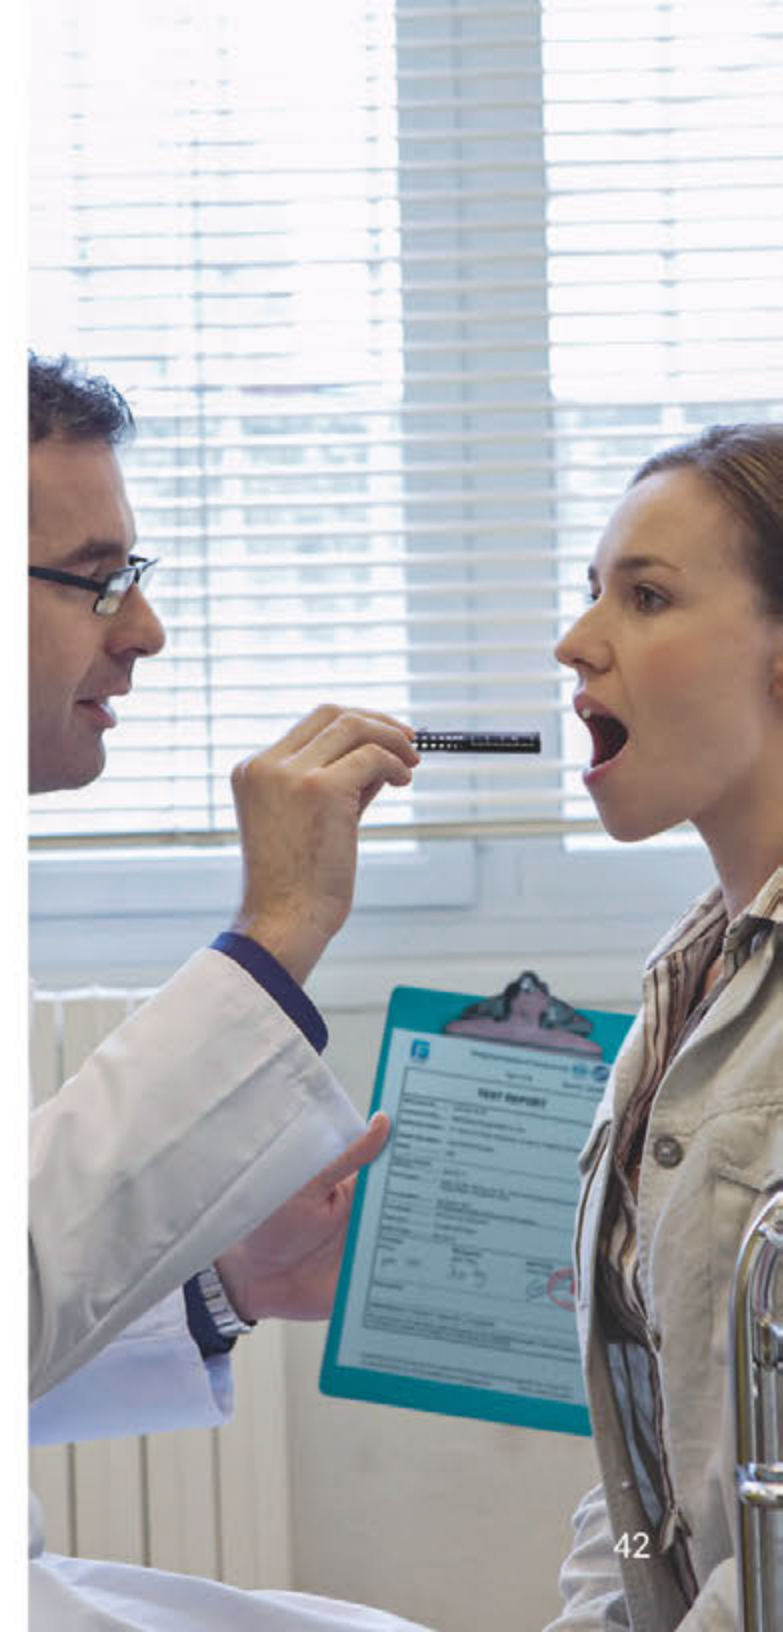

Dr.K3S

Medical Penlight

- * Featuring both yellow and white light sources
- * CRI ≥ 95 for accurate tissue color representation
- * Classified under Blue Light Hazard Class RG0 (Risk Exempt)
- * Weighs only 18.7 g
- * Single-use AAA Battery provides up to 55 hours of runtime

Light Source	LED (Yellow / Neutral White)
Color Rendering Index (RA)	≥ 95
Photobiological Safety	RG0
Color Temperature (CCT)	3,000K (Yellow) / 5,500K (White)
Runtime	55 h
Battery	1 × AAA (included)
Dimensions	105 mm × 14.3 mm / 4.13 × 0.56 in
Weight	18.7 g / 0.66 oz (without battery)

WEAPON LIGHTS

Modern tactical situations require positive target identification and split-second decision making under incredibly challenging circumstances. Built to meet the demanding needs of armed professionals, NEXTORCH weapon-mounted lights offer intense white light, infrared illumination, and high-visibility laser sighting for all types of firearms.

Weight	48 g / 1.69 oz (with battery)

HUNTING LIGHTS

The NEXTORCH Hunting Light Series is specifically designed for hunters, delivering powerful, long-lasting illumination to excel in any hunting environment. Equipped with high-performance LEDs, rugged construction, and adjustable brightness, these lights ensure exceptional visibility for tracking game, spotting targets, and navigating in low-light conditions. Whether you're stalking prey, setting up a blind, or exploring the wilderness, NEXTORCH Hunting Lights provide reliable and purpose-built lighting solutions to meet the unique demands of your hunt.

3 Light Sources

Rotate the Side Dial to Switch Light Sources

USB Direct Charging System

INCLUDED ACCESSORIES

- * RM85S Scope Mount
- * TS41-L Remote Switch
- * UC4 USB Charging Cable
- * 1 × 21700 Rechargeable Battery

T7 MAX SET

1,200 Lumen Long Range Hunting Flashlight Set

	MAXIMUM OUTPUT 1,200 LUMENS
	MAX RUNTIME 80 h
	BEAM DISTANCE 1,100 METERS

- * The High Optical Density (HOD) LED produces a maximum output of 1,200 lumens, providing a beam distance of 1,100 meters
- * Ideal for long range use
- * Provides four brightness levels, a strobe, and an S.O.S. function
- * Multifunction DUO Switch allows easy activation
- * Powered by 1 × 18650 rechargeable battery (included) or 2 × CR123A batteries
- * Includes remote switch and scope mount

Modes	1,200 lm / 621 lm / 150 lm / 21 lm / Momentary On / Strobe / S.O.S.
Runtime	3 h / 4 h 30 min / 14 h / 80 h / - / - / -
Beam Distance	1,100 m / 755 m / 350 m / 142 m / - / - / -
Beam Intensity	302,500 cd / 142,506 cd / 30,625 cd / 5,041 cd / - / - / -
Water Resistance	IPX8 (2m)
Impact Resistance	1 m / 3.28 ft
Battery	1 × 21700 Lithium battery
Dimensions	172.4 mm × 27.5 mm × 60.8 mm / 6.79 × 1.08 × 2.39 in
Weight	225 g / 7.94 oz (without battery)

1,100 Meters Long Range

4800 mAh Large Capacity Battery

Multi-Tactical Switch

INCLUDED ACCESSORIES

- * RM85S Scope Mount
- * TS41-L Remote Switch
- * UC4 USB Charging Cable
- * 1 × 18650 Rechargeable Battery

T5G SET v2.0

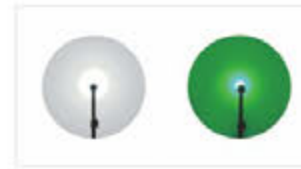

1,200 Lumen Dual Light Hunting Flashlight Set

	MAXIMUM OUTPUT 1,200 LUMENS
	MAX RUNTIME 37 h
	BEAM DISTANCE 265 METERS

- * Dual white and green LED light sources provide maximum outputs of 1,200 lumens and 170 lumens, respectively
- * Patented design allows seamless switching between white and green light by rotating the head
- * Both LED colors feature two brightness levels, a strobe mode, and an S.O.S. function
- * Multifunction DUO Switch enables effortless activation and mode selection

	White	Green
Modes	1,200 lm / 35 lm / momentary on / strobe / S.O.S.	170 lm / 27 lm / momentary on / strobe / S.O.S. (80 lm)
Runtime	3 h 15 min / 35 h / - / - / -	5 h 30 min / 37 h / - / - / -
Beam Distance	265 m / 46 m / - / - / -	230 m / 63 m / - / - / -

- * 1 × 21700 Rechargeable Battery

TA41 SET

2,600 Lumen High Output Tactical Flashlight Set

	MAXIMUM OUTPUT 2,600 LUMENS
	MAX RUNTIME 71 h
	BEAM DISTANCE 272 METERS

- * High performance LED produces a maximum 2,600 lumen output
- * Offers ultra bright, long range illumination capability in a compact, easily carried size
- * Provides four brightness levels, a strobe, and an S.O.S. function
- * Patented multifunction tail cap switch allows easy activation and mode selection
- * Stainless steel bezel with nano-ceramic glass breakers for emergency egress and self-defense
- * Powered by 1 × 21700 rechargeable battery (included)
- * Includes remote switch and scope mount for attachment to a long gun

Modes	2,600 lm / 700 lm / 200 lm / 28 lm / Momentary On / Strobe / S.O.S.
Runtime	2 h 30 min / 3 h 45 min / 12 h / 71 h / - / - / -
Beam Distance	272 m / 140 m / 75 m / 29 m / - / - / -
Beam Intensity	18,496 cd / 4,900 cd / 1,406 cd / 210 cd / - / - / -
Water Resistance	IPX8 (2 m)
Impact Resistance	2 m / 6.56 ft
Battery	1 × 21700 rechargeable battery (included)
Dimensions	148 mm × 38 mm × 27 mm / 5.83 × 1.50 × 1.06 in
Weight	143 g / 5.04 oz (without battery)

USB Direct Charging System

Nano-Ceramic Glass Breaking Tips

Multifunction Switch

A close-up, low-angle shot of a soldier in tactical gear. The soldier is wearing a tan helmet with a black tactical light mounted on the side. The light is illuminated, casting a red glow. The soldier is also wearing clear safety glasses and a black communication device. The background is a blurred industrial or military setting.

HELMET LIGHTS

NEXTORCH helmet lights are advanced lighting tools designed primarily for military, law enforcement, and tactical applications, offering features that enhance operational effectiveness in demanding environments.

Modular Design

The oStar is designed for versatility, allowing the same light to be mounted in multiple ways for different applications

Light + Helmet
Can be easily mounted on helmets with NVG mounts

Light + Mount
The included mount can be easily attached to MOLLE webbing

Light + Mount + Headband
The light combined with the mounted headband can be attached to a variety of helmets

oStar

A full-page photograph of two police officers in tactical gear. The officer on the left is wearing a helmet with a large, dark, rectangular light fixture and a green auxiliary light. The officer on the right is wearing a helmet with a green auxiliary light and a black face mask. Both officers are wearing tan tactical jackets with "POLICE" and "PRT-05" patches. The officer on the right is holding a black device with a "NEXTTOUCH" label. The background is dark and industrial.

SPECIALIZED LIGHTS

ND30 & ND30B TACTICAL DISTRACTION DEVICES

The NEXTORCH tactical distraction device represents the peak evolution of less lethal NFDD Technology, combining intense light and sound generation in a non-pyrotechnic package. The ND30B expands NFDD deployment options beyond traditional flashbangs.

This innovative system combines 11,000 lumens of disorienting strobe with 130dB sound output, providing law enforcement professionals a rechargeable alternative to traditional flashbangs.

Audio and Visual Distraction

11,000 lm 360° ultra bright
Strobe & 130 dB audio output

Traditional Flashbang Design

Ideal for building muscle memory

Programmable Modes and Activation Delays

Rotate to select different modes and delays, ensuring seamless adaptability to any mission or environment

IPX 7, 1 m Waterproof

The IPX7 water resistance rating means you can train in any weather

Impact Resistant

Durable construction is designed to handle the bumps and drops of active deployment

USB-C Direct Charge

Powered by built-in rechargeable battery with USB-C direct charging

AUDIO AND VISUAL DISTRACTION

11,000 Lumens
130 Decibels

ND30B / ND30

	MAXIMUM OUTPUT 11,000 LUMENS		SOUND INTENSITY 130 dB		MAX RUN TIME 4,400 Times
-----------------------------------------------------------------------------------	--------------------------------------------------	-----------------------------------------------------------------------------------	-----------------------------------------	-----------------------------------------------------------------------------------	-------------------------------------------

ND30B

Impact Resistant	3 m / 9.84 ft
Shape	Proprietary Reinforced Design
Dimensions	127 mm (Length) × 47 mm (Diameter) 5.00 × 1.85 in

The ND30B is primarily designed for training purposes. Its rubberized exterior enhances durability, but necessitates the use of a custom holster (included), which changes the loadout compared to a traditional flashbang.

ND30

Impact Resistant	2 m / 6.56 ft
Shape	Same Size and Shape as Traditional Flashbangs
Dimensions	128 mm (Length) × 40 mm (Diameter) 5.04 × 1.57 in

The ND30 is primarily designed for active deployment scenarios by SWAT and similar tactical operators, because it closely replicates the design and deployment of a traditional flashbang.

GLO-TOOB®

The GLO-TOOB is a personal signal light conceived by Dave Kessel and Lewton Levy in 1996 after a night scuba dive in South Africa. Disappointed with the product they were using at the time, which was neither reliable nor environmentally friendly, they decided to design a signal light specifically for the scuba diving market. Kessel approached NEXTORCH with the idea and after several years of intensive research, development and real-world testing, the GLO-TOOB was born and released in 2002. This revolutionary personal signal light was patented and set new standards not only in scuba diving, but also gained a loyal following among military, law enforcement and adventure sports users.

Charger

DC20 UNIVERSAL BATTERY CHARGER

* Batteries are not included

The NEXTORCH DC20 Dual-Slot Smart Battery Charger is a versatile and reliable charging solution for a wide range of batteries, with an easy-to-read LCD, and support for various battery sizes. DC20 also includes 0V activation to restore over-discharged batteries.

Lighting Accessories

V65 X-CARRY Quick-Draw Flashlight Holster

The V65 X-Carry is a versatile, lightweight holster designed for quick-draw access and 360° rotatable positioning. It can be locked into 16 different angles and features a modular quick-detach system for rapid switching between flashlights and the bottom pass-through enables hands-free illumination. Compatible with flashlight barrel diameters of 27-30 mm, it fits MOLLE webbing or belts under 50mm.

V15 Tactical Belt Bag

The V15 tactical belt bag is made from 1680D ballistic nylon, it has high tensile strength, great abrasion resistance and it's water-repellent. Outer dimensions are 205x75x130mm, and it has a large interior compartment that allows it to be easily configured to organize your gear. It can be used on a belt, tactical vest, or tactical bag and it has external MOLLE webbing for attaching accessory pouches.

V55 / V55L X-Carry Quick-Draw Tactical Flashlight Holster

The NEXTORCH V55 and V55L X-Carry Holsters are built from glass-reinforced nylon, and are compatible with belts from 38-50mm in width. The V55 fits flashlights with head diameters from 21-31mm and bodies from 19-23mm. The V55L fits flashlights with head diameters of 27-39mm and body diameters of 24-28mm. The X-Carry belt attachment system accommodates most modern duty belts 2" and under, and the pass-through bottom enables hands-free illumination.

V10 Nylon Flashlight Holder

V10 is constructed with durable 1000D Cordura® nylon, it's extremely robust and quick-drying. It fits belts up to 80 mm (3.15 in) wide and is compatible with NEXTORCH P80, P60, TA5, TA40, and T7.

V35 X-Carry Modular Tactical Quick Draw Holster

The V35 X-Carry holster delivers lightning-fast deployment with a streamlined design and true 360° rotation, the belt compatibility ranges from 38-50mm, providing rock-solid fit on most duty belts while maintaining full MOLLE integration capabilities. Purpose-built for the NEXTORCH TA30C and TA20 with FR-1 Ring.

V26 Nylon Multi-Purpose Holster

The V26 X-Carry holster is made from high-strength nylon and fiberglass-reinforced materials and it's dimensions are 186 x 72 x 90 mm, and it fits belts or MOLLE webbing from 38-50mm. The V26 X-Carry offers a durable and versatile solution for securely carrying your TA31, ND30B, or other flashlight.

V51 Quick-Draw Flashlight Holster

The NEXTORCH V51 brings enhanced deployment capability to your duty light setup through its advanced Quick-Draw system. The 16-position locking system provides 360-degree rotation capability, and its mounting system accommodates both duty belts up to 55mm and MOLLE platforms, supporting both patrol and tactical operators. Compatible with lights from 25-32mm in diameter.

FR-1 / FR-1 MAX Tactical Flashlight Finger Ring

This mission-critical finger ring system delivers enhanced retention and instant light manipulation while providing secondary CQB striking capability. Purpose-built for duty use, this tactical finger ring transforms your TA20/TA30C into an integrated defensive platform with superior grip and split-second deployment features. FR-1 has a 27mm diameter finger guide while FR-1 MAX is 32mm.

Traffic Wand

The NEXTORCH Traffic Wand transforms your standard-issue duty light into a tool that cuts through the darkness and chaos of roadside operations. It's made of military-grade PC material, compatible with 33-38 mm light head diameters and fits NEXTORCH P86, P84, P83, TA30C Max, etc.

HM30 Multi-Purpose Handle Mount

The NEXTORCH Saint Torch series handle is a great addition to your search and rescue gear. The handle offers an ergonomic grip, making it easier to maneuver and control your Saint Torch lights, ensuring you are well-equipped for any mission or outdoor adventure.

TS41-L Tactical Remote Switch

Engineered to meet the original factory specifications, this replacement switch delivers the same tactile response and performance you've come to trust in the field. It maintains the durability and weather resistance that made the T5G and T7 MAX your go-to choices, and is also compatible with the WL13 and WL23 for long-gun use.

RM87 Magnetic Flashlight Tactical Mount

The RM87 is a sturdy and reliable solution for attaching flashlights to various surfaces, it features a strong magnet that maintains its hold even at elevated temperatures, ensuring stability in adverse conditions. It is constructed from aerospace aluminum alloy, compatible with flashlight body diameters from 23 to 26.5 mm.

RM85S Quick Release Flashlight Mount

Built for the demands of tactical operations, the RM85S features a universal fit system accommodating lights from 23-28mm in diameter. The lever lock system ensures rapid transitions between mounting locations while ensuring your light stays exactly where you need it during dynamic movement.

FR-2 Tactical Flashlight Finger Ring

Maximize your tactical advantage with the ultra-lightweight FR-2 tactical finger ring. It's made of mil-spec steel and nylon composite, and is compatible with 25-27mm body diameter lights. This combat-proven finger ring system delivers instant light manipulation while also providing a secondary CQB striking option.

HM2 Universal Flashlight Helmet Mount

The NEXTORCH HM2 is a versatile holder designed with a double-sided 3M adhesive strip for the secure and flexible mounting of flashlights on helmets and other smooth surfaces. It's 360 degrees rotatable and fits lights with body diameters of 22-30 mm.

HM3 Headlamp Helmet Clip

The NEXTORCH HM3 clamp is designed to hold the headlamp firmly and securely on the helmet. The sturdy material is very durable, it fits all helmets with a thickness of less than 6 mm.

RM25S Picatinny Rail Flashlight Mount

The RM25S flashlight mount secures your flashlight to any standard 20mm Picatinny or Weaver rail with zero wiggle and zero fuss, and is compatible with flashlight body diameters of 22 - 26 mm.

NEX BATON

NEX is a division of NEXTORCH dedicated to designing and manufacturing the world's finest tactical batons. The heart of every NEX Baton is our innovative NEX Lock—A precision-machined mechanism that locks the baton's sections rigidly open when the baton is extended yet allows it to be easily closed with the press of a button. Manufactured from the finest materials, NEX Batons set a new standard in tactical baton quality and reliability.

NEX LOCK SYSTEM

The NEX LOCK System, patented and developed by NEXTORCH, ensures reliable, secure, and efficient performance for all NEX Batons. Designed to keep the baton securely extended, it prevents accidental retraction during use and withstands repeated impacts, providing the strength and durability required in demanding situations. Mission-proven in the field, the NEX LOCK mechanism gives operators complete confidence during high-stakes encounters by eliminating the risk of unexpected collapsing. With its smooth deployment and effortless retraction via a push button release, the NEX LOCK System offers rapid, reliable operation. This advanced technology sets NEXTORCH batons apart from the competition, redefining what a tactical baton can do.

Tail Cap Release Button

Instant retraction via tail cap, allowing easy one-handed closing

Durability

Bending strength $\geq 10,000\text{N}$
Tensile strength $\geq 1,000\text{N}$
2m Impact resistant

Steel and Air Weight Options

Steel versions are constructed of 3 separate stainless steel tubes. Air weight construction utilizes aircraft grade aluminum for the first two sections, and steel for the tip section.

Reliability

Tested/Approved by the German PTI/PFA and awarded the coveted TR Certification for strength and reliability.

Optional Glass Breaker Tip

Nano-ceramic tip breaks glass with ease.

Non-slip Handle

TPE handle coating offers impressive slip resistance, and helps reduce vibration and absorb the shock of impact.

QUICKER DUTY

Expandable Baton Series

- * Patented NEX LOCK mechanism ensures the baton stays securely locked during use and allows quick retraction with the tail cap release button for easy, one-handed closing.
- * Built with premium steel and aerospace-grade aluminum for exceptional durability and reliability.
- * Extended design supports a two-handed manual deployment or a traditional inertial expansion.
- * Compatible with our nano-ceramic glass breaker tip, offering enhanced glass-breaking and window-breaching capability.

V75 X-CARRY Tactical Baton Holster

- * Works with NEX Quicker Series batons
- * 360° rotation with 16 locking positions
- * Compatible with batons with a diameter of 16 mm

Compatible Batons	NEX Quicker Series Batons
Weight	90 g
Belt Width	38 mm - 50 mm
Dimensions	139 mm × 45 mm × 66 mm

V72 Quick-Draw Holster

- * Compatible with various size of batons

Compatible Batons	NEX Quicker Series Batons
Dimension	137 mm × 56.5 mm × 65 mm
Weight	96 g / 3.38 oz

V69 Nylon MOLLE-Mount Concealable Baton Holster

- * Made of nylon material
- * Design for NEX Walker batons (16" / 18" / 20")
- * Can be mounted on the backpack, belt or other equipment with MOLLE webbing

Material	1000D Nylon Fabric
Weight	45 g
Dimensions	180 mm × 40 mm × 40 mm

V68 Leather Concealable Baton Holster

- * Made of genuine leather, lightweight and durable
- * Designed for NEX Walker series batons
- * Compatible with belts up to 50 mm wide

Material	Genuine Leather
Weight	55 g / 1.94 oz
Dimensions	155 mm × 84 mm × 29 mm
Belt Width	≤ 1.95"
Compatible Batons	NEX Walker Series Batons

V67 Leather Baton Holster

- * Made of genuine leather, lightweight and durable
- * Designed for NEX Quicker series batons
- * Compatible with belts up to 50 mm wide

Material	Genuine Leather
Weight	63 g / 2.22 oz
Dimensions	180 mm × 110 mm × 35 mm
Belt Width	Width ≤ 50 mm; Thickness ≤ 6 mm
Compatible Batons	NEX Quicker Series Batons

HANDCUFFS

NEXTORCH offers a range of high-security handcuffs designed for law enforcement and security professionals, emphasizing durability, security, and user-friendly features.

HC20 Training Handcuffs

- * Training handcuffs for maximum ease-of-use
- * Special mechanism allows keyless unlocking in single-lock mode
- * Double-lock mode provides true locking functionality, if needed
- * Made of aerospace-grade aluminum

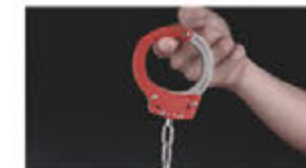

Weight	235 g / 8.29 oz (without keys)
Material	Aerospace-grade aluminum with steel Double-Lock feature
Inside Perimeter	55 mm to 82 mm
Length	242 ± 2 mm
Keys Included	2
Corrosion Resistance	Level 10

Non-Locking Function for Ease of Training

Double-Lock Mode Achieves True Locking Function

High Quality & Lightweight

HC10

Chain Handcuffs

- * Double-Lock feature for improved safety
- * Unique three-tooth ratchet pattern prevents shimmying
- * Made of aerospace-grade aluminum
- * Double-sided keyway allows unlocking from both sides of cuff body

High-Security Three-Tooth Ratchet Pattern

Double-Sided Keyway

Weight	255 g / 8.99 oz (without keys)
Material	Aerospace-grade aluminum with steel Double-Lock feature
Inside Perimeter	55 mm to 82 mm
Keys Included	2
Impact Resistance	3 m
Corrosion Resistance	Level 10

HC11

Hinged Handcuffs

- * Double-hinged design for maximum restriction of subject movement
- * Double-Lock feature for improved safety
- * Unique three-tooth ratchet pattern prevents shimmying
- * Made of aerospace-grade aluminum
- * Double-sided keyway allows unlocking from both sides of cuff body

Double-lock

Weight	284 g / 10.01 oz (without keys)
Material	Aerospace-grade aluminum with steel Double-Lock feature
Inside Perimeter	55 mm to 82 mm
Keys Included	227 ± 3 mm
Length	2

Double-Hinge Design

Three Tooth Independent Locking Technology

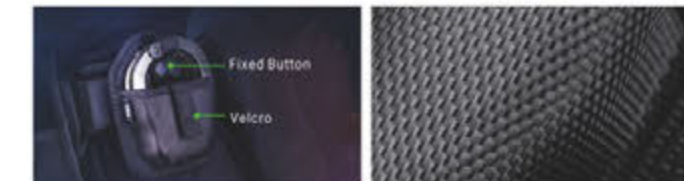

Optional Nylon Handcuff Pouch

V22X-CARRY

Quick-Draw Nylon Handcuff Case

- * Compatible with all handcuff styles
- * Dual retention (snap and velcro) holds handcuffs securely
- * Multifunctional mount attaches to belts up to 50 mm (1.96 in) wide and MOLLE webbing
- * Includes a nylon key pocket with velcro closure

Dual Retention (Snap and Velcro) Holds Cuffs Securely

High-Quality Nylon Fabric

Dimensions	109 mm x 136 mm x 64 mm
Belt Width	38 mm - 50 mm
Weight	125 g
Material	Nylon, PA + GF

MULTITOOLS

PIONEER

Rescue Shears And First-Responder Multitool

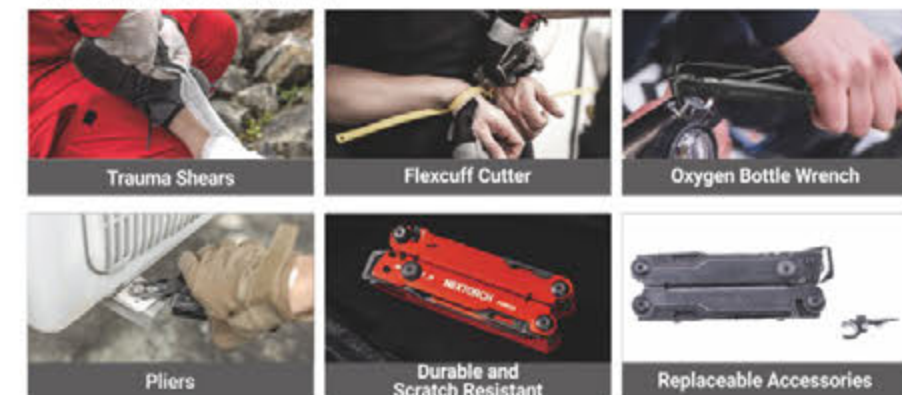

- * Ideal for fire, EMS, law enforcement, and outdoor use.
- * 14 Practical Functions: Includes trauma shears, flexcuff cutter, seatbelt cutter, needle-nose pliers, and more—all designed for rescue and tactical use.
- * Universal Handcuff Key insert is available separately.
- * Crafted with stone-washing technology for a retro, scratch-resistant finish.
- * Also available in a First Responder Red

Wire-Cutter Blades	K30 (YG8)
Surface Finish	Saw/Scissors: Satin Finish
Dimension	All Others: Bead Blast Finish
	Close: 110 mm × 40 mm × 21.5 mm
Weight	245 g ± 5 g

NP11Ti

Titanium Tactical Pen

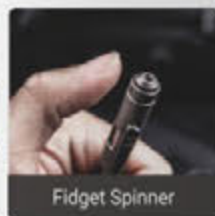

Made from lightweight yet durable titanium alloy, this pen handles everything from rugged outdoor adventures to everyday office tasks with ease. It is compact and portable and easily fits in your pocket or bag. NP11 is equipped with a SCHMIDT easy FLOW 9000M refill for smooth writing and is compatible with other 98mm refills. The tail features ball bearing fidget spinner and is fitted with a nano-ceramic bead, second only to diamond in hardness, ready to break windows and serve as a self-defense tool in emergencies.

Nano-Ceramic Window Breaker

Fidget Spinner

Emergency Escape

German SCHMIDT easy FLOW 9000 M Refill

Material	TC4 Titanium Alloy
Window Breaker	Nano-ceramic Bead
Refill	German SCHMIDT easy FLOW 9000M
Length	136 mm
Diameter	11 mm
Weight	38 g (with refill)

NP20

Tactical Pen with Tungsten-Steel Strike Tip

The ultimate in low-profile self-defense tools, this stylish pen is precision machined from 6061-T6 aerospace-grade aluminum and features a tungsten-steel strike tip. Its body has a Type II hard anodized finish and a machined "dragon bone" texture for a secure, non-slip grip. The tungsten-steel strike tip allows it to deliver a targeted impact against an attacker and also functions as an emergency glass breaker. Weighing only 30 g (1.06 oz), this precision writing instrument includes a SCHMIDT Megaline P 950 M ink cartridge.

ACCESSORIES

V22 X-CARRY

Quick-Draw Handcuff Pouch

- * Compatible with all handcuff styles
- * Dual retention (snap and velcro) holds handcuffs securely
- * Multifunctional mount attaches to belts up to 50 mm (1.96 in) wide and MOLLE webbing
- * Includes a nylon key pocket with velcro closure

Dimensions	109 mm x 136 mm x 64 mm
Suitable Belt Widths	38 mm - 50 mm
Weight	125 g
Material	Nylon, Polyamide Glass Fiber

V23 X-CARRY

Quick-Draw Utility Pouch

- * Two large compartments for storage of critical items
- * Zippered main compartment is divided for easy organization and instant access
- * Multifunctional mount attaches to belts up to 50 mm (1.96 in) wide and MOLLE webbing

Dimensions	170 mm x 150 mm x 80 mm
Suitable Belt Widths	38 mm - 50 mm
Weight	165 g
Material	Nylon, Polyamide Glass Fiber

V24 X-CARRY

Quick-Draw Walkie Talkie Pouch

- * Universal design fits a broad range of radios
- * One-handed size adjustment
- * Durable nylon construction
- * Accommodates handheld walkie-talkies up to 2.9" in diameter and 5.9" in height

Dimensions	150 mm x 75 mm x 75 mm
Suitable Belt Widths	38 mm - 50 mm
Weight	139 g
Material	Nylon, Polyamide Glass Fiber

V25 X-CARRY

Quick-Draw Pepper Spray Holster

- * Accommodates pepper spray canisters 31-38 mm (1.22-1.50 in) in diameter
- * Quick-release locking lever provides both secure carry and rapid one-handed deployment
- * Holster body rotates 360 degrees and locks in 16 positions

Dimensions	133 mm x 56 mm x 79mm
Suitable Belt Widths	38 mm - 50 mm
Weight	101 g
Material	Nylon, Polyamide Glass Fiber

V55/V55L X-CARRY

Quick-Draw Tactical Flashlight Holster

- * Compatible with flashlights with a head diameter of 21-31mm / 27-39 mm and a body diameter of 19-23 mm / 24-28 mm
- * Quick-release locking lever provides both secure carry and rapid one-handed deployment
- * Allows hands-free use of the flashlight while secured in the holster
- * Holster body rotates 360° and locks in 16 positions

Dimensions	125 mm x 49 mm x 59mm / 132 mm x 50 mm x 64mm
Suitable Belt Widths	38 mm - 50 mm
Weight	76 g / 80 g
Material	Nylon, Polyamide Glass Fiber

V75 X-CARRY

Quick-Draw Tactical Baton Holster

- * Works with NEX Quicker Series batons
- * 360° rotation with 16 locking positions
- * Compatible with batons with a diameter of 16 mm

Dimensions	139 mm x 45 mm x 66 mm
Suitable Belt Widths	38 mm - 50 mm
Weight	90 g
Material	Nylon, Polyamide Glass Fiber

Engaging & Interactive Merchandising Displays

NEXTORCH's merchandising displays are powerful tools designed to showcase a wide range of products while capturing the attention of potential customers.

Each display is thoughtfully crafted to combine multiple products in eye-catching arrangements. This not only enhances the overall visual appeal but also effectively conveys the brand's message, creating a memorable and impactful customer experience.

Counter Top Displays

- * Made of PETG
- * Easy to assemble
- * Replaceable image
- * Easy to show and remove the products
